

Permethrin SFR

Termiticide/Insecticide

Permethrin SFR is a professional strength termiticide and insecticide labeled for both pre- and post-construction use. It is also labeled for use on lawns, landscapes, ornamentals, around homes and barns for a very broad-spectrum of insects. Permethrin SFR is even safe for use in poultry houses, and on listed animals for specific pests.

Features & Benefits

- Broad label - many versatile applications
- Dilutes with water or oil for use in many applications
- For control of subterranean termites only when used by a licensed pest control applicator of termiticide products
