Preface

Mission/Purpose	vi
Target Audiences and Approach	vi
Key Features of the Book	viii
Supplemental Materials	ix
Changes in Edition 4.0	x
Substantive Detailed Changes	x
Overview of the Content and Organization	xii
Acknowledgments	xv

SECTION 1 | INTRODUCTION 1

Chapter 1 The Value of Information	1
Learning Objectives	1
Chapter Outline	1
Focusing Story: How Information Cost Me (a Lot of) Money	2
Information and Emerging Technologies	2
<i>Learning Activity 1.1: The Rapid Growth of Information</i>	3
<i>Learning Activity 1.2: A Day in My Technology-Free Life</i>	4
Stats Box 1.1: Top IoT Application Areas	5
<i>Learning Activity 1.3: Autonomous Vehicles</i>	7
Data, Information, Knowledge, and Wisdom	9
Information Literacy	11
<i>Learning Activity 1.4: How I Use Information</i>	11
<i>Learning Activity 1.5: How Businesses Use Information</i>	12
Uses of Information	12
Business Example Box 1.1: Promising Information Careers	14
Chapter Summary	16
Review Questions	16
Reflection Questions	16
Additional Learning Activities	17
References	18
Glossary	18
Chapter 2 Introduction to Information Systems	19
Learning Objectives	19
Chapter Outline	19

Why All Business Professionals Need to Be Information Systems Managers	19
Focusing Story: Registering for Classes in 1981	20
Overview of Systems	21
<i>Learning Activity 2.1: Identifying My Information Systems</i>	21
<i>Learning Activity 2.2: Components of a System</i>	22
Foundations of Information Systems	23
<i>Learning Activity 2.3: Components of a Business Information System</i>	23
How Information Systems Help Us Deal with Information	27
Stats Box 2.1: Growth of Applications in Apple's App Store	28
Business Example Box 2.1: How Uber Provides On-Demand Service with Information Systems	29
<i>Learning Activity 2.4: Information Systems and Change</i>	30
How Information Systems Facilitate Organizational Change	30
Business Example Box 2.2: AgTech—Making Farming More Efficient and Sustainable	32
Common Information Systems	33
Chapter Summary	35
Review Questions	35
Reflection Questions	36
Additional Learning Activities	36
References	37
Glossary	37
Chapter 3 Evaluating Information	39
Learning Objectives	39
Chapter Outline	39
Being a Smart Information Consumer	39
Focusing Story: The Personal Consequences of Misinformation	40
<i>Learning Activity 3.1: How Good Is This Information?</i>	41
Stats Box 3.1: The Cost of Poor Information Quality	42
Information Overload and the Need to Evaluate Information	43
Business Example Box 3.1: Business Impacts of Information Quality	43
<i>Learning Activity 3.2: My Online Life and Information Overload</i>	44
Information Quality	45
Dealing with Information Overload	45
<i>Learning Activity 3.3: Dimensions of Information Quality</i>	46
Business Example Box 3.2: Information Quality as an Ethical Issue	48
Evaluating Information	48
<i>Learning Activity 3.4: Evaluating Information Sources</i>	49
Chapter Summary	52
Review Questions	52
Reflection Questions	53

Additional Learning Activities	53
References	55
Glossary	55
Chapter 4 Gaining Strategic Value from Information	57
Learning Objectives	57
Chapter Outline	57
Strategic Information Systems	57
Focusing Story: Health Care on My Smartphone	58
Strategic Planning Process	59
<i>Learning Activity 4.1: Trends in Top Management Concerns</i>	61
Frameworks for Strategic Information Systems	63
SWOT Analyses in Practice	64
Evaluating Strategic Initiatives	69
<i>Learning Activity 4.2: What Does This Company Need for Success?</i>	71
Stats Box 4.1: CSFs for Improving Business in Australia	72
Hypercompetition: Sustainability of Competitive Advantage	72
<i>Learning Activity 4.3: Competitive Advantage at TRIPBAM</i>	73
<i>Learning Activity 4.4: Disrupting an Established Market!</i>	74
Chapter Summary	74
Review Questions	75
Reflection Questions	76
Additional Learning Activities	76
References	77
Glossary	78
SECTION 2 • MANAGING INFORMATION	81
Chapter 5 Storing and Organizing Information	81
Learning Objectives	81
Chapter Outline	81
Stats Box 5.1: Digital Data	82
Focusing Story: The Database behind Facebook	82
Overview of Relational Databases	83
<i>Learning Activity 5.1: Data for an Amazon Order</i>	83
Databases versus Spreadsheets: When to Use a DBMS	84
<i>Learning Activity 5.2: Connecting Data Elements</i>	85
Database Diagrams	88
iTunes Match	90
Online Databases	91
<i>Learning Activity 5.3: Finding Business Databases Online</i>	91
Big Data	92

<i>Learning Activity 5.4: Fitness Trackers</i>	93
Big Data at Facebook	94
Chapter Summary	96
Review Questions	97
Reflection Questions	97
Additional Learning Activities	97
Glossary	98
Chapter 6 Analyzing Information for Business Decision-Making	101
Learning Objectives	101
Chapter Outline	101
Focusing Story: How a Spreadsheet Helped Me Make a Hard Decision	102
The Importance of Good Decision-Making Skills	102
<i>Learning Activity 6.1: Information and Decision-Making</i>	103
<i>Learning Activity 6.2: What Kind of Information Do I Need?</i>	103
Using Information for Decision-Making	104
Types of Decisions	104
Business Example Box 6.1: Why Do Managers Make Bad Decisions?	105
A Decision-Making Process	106
<i>Learning Activity 6.3: What Kind of Information Do I Need?</i>	109
Information Retrieval and Analysis Tools	111
<i>Learning Activity 6.4: "What If" I Get a 75% on the Final?</i>	113
Stats Box 6.1: The Cost of Spreadsheet Errors	117
Chapter Summary	117
Review Questions	118
Reflection Questions	118
Additional Learning Activities	119
References	120
Glossary	120
Chapter 7 Transmitting Information	123
Learning Objectives	123
Chapter Outline	123
Introduction and Definitions	123
Focusing Story: The Rise of Mobile Wi-Fi: Hotspots	124
<i>Learning Activity 7.1: How Does That Car Drive Itself?</i>	125
Types of Networks	126
The Internet	129
<i>Learning Activity 7.2: Broadband in Developed Countries</i>	129
<i>Learning Activity 7.3: Who Is Using the Internet?</i>	130
Business Example Box 7.1: Internet Application of the Day:	
Distance Learning	133
<i>Learning Activity 7.4: A Future Internet? Internet2 and Business</i>	134

Networking Architectures	135
<i>Learning Activity 7.5: Architecture and Principles</i>	141
Communicating Information in Modern Organizations	142
The Power of Wikinomics (Crowdsourcing)	143
Stats Box 7.2: Diffusion of Innovations Timeline	145
<i>Learning Activity 7.6: Web 3.0 versus the Internet of Things</i>	146
Chapter Summary	146
Review Questions	147
Reflection Questions	148
Additional Learning Activities	148
References	149
Glossary	150
Chapter 8 Securing Information	153
Learning Objectives	153
Chapter Outline	153
Introduction and Definitions	153
Focusing Story: My Mac Is More Secured than Your Windows- Based PC!	154
<i>Learning Activity 8.1: How Protected Is Your Computer?</i>	157
Information Security Threats	158
<i>Learning Activity 8.2: Detecting Phishing</i>	160
<i>Learning Activity 8.2: What Do Hackers Break into the Most?</i>	162
Business Example Box 8.1: Even Big Technology Companies Can Be Hacked	163
Business Example Box 8.2: Costs of Data Breaches	167
Security Technologies and Solutions	168
<i>Learning Activity 8.4: How Strong Is Your Password?</i>	170
<i>Learning Activity 8.5: Biometrics on the PC</i>	173
Stats Box 8.1: Security Policy Violations	178
<i>Learning Activity 8.6: Breaking the Encryption</i>	180
Business Example Box 8.3: Expert Advice on Protecting your Home Wireless Network	181
<i>Learning Activity 8.7: IoT Security</i>	182
Chapter Summary	183
<i>Learning Activity 8.8: Where Is the Security?</i>	183
Review Questions	185
Reflection Questions	185
Additional Learning Activities	186
References	187
Glossary	188

Chapter 9 Protecting the Confidentiality and Privacy of Information	193
Learning Objectives	193
Chapter Outline	193
Focusing Story: Perceptions of Anonymity	194
Introduction and Definitions	195
Information Privacy Threats	195
Data Collection	195
<i>Learning Activity 9.1: Privacy and Smartphones</i>	196
<i>Learning Activity 9.2: Concern for Information Privacy</i>	197
<i>Learning Activity 9.3: Privacy Pizza</i>	198
Consequences of Privacy Violations	198
Stats Box 9.1: Perceptions of Monitoring	199
Technologies and Solutions for Information Privacy	200
Stats Box 9.2: Fraud Type from Identity Theft	201
Stats Box 9.3: The Black Market for Stolen Identities	202
Anonymous Browsing	203
<i>Learning Activity 9.4: Surveillance Societies around the World</i>	204
<i>Learning Activity 9.5: Privacy Policy Creation</i>	205
Business Example Box 9.1: Privacy and Facebook	207
Government Information Privacy Regulations	208
Business Example Box 9.2: GDPR in Practice	209
<i>Learning Activity 9.6: Why Your Advisor Cannot Talk to Your Parents</i>	210
Mobile Information Privacy	210
IoT and Privacy	211
<i>Learning Activity 9.7: PAPA, Privacy Policies, and FERPA</i>	211
Privacy and Ethics	212
Ethical Decisions	212
<i>Learning Activity 9.8: Making Ethical Decisions</i>	213
Relationship between Security and Privacy	215
Chapter Summary	215
Review Questions	216
Reflection Questions	216
Additional Learning Activities	216
References	218
Glossary	219

SECTION 3 • USING INFORMATION **221**

Chapter 10 Developing Information Systems	221
Learning Objectives	221
Chapter Outline	221
Focusing Story: The \$6 Billion Software Bug	222

Time, Cost, and Quality	223
Software Development Methodologies	223
<i>Learning Activity 10.1: Determining Requirements</i>	224
Traditional Systems Development Life Cycle	224
Alternative Methodologies	229
<i>Learning Activity 10.2: Advantages and Disadvantages of the SDLC</i>	229
Stats Box 10.1: Information Technology Failures	230
<i>Learning Activity 10.3: Developing by Modeling</i>	231
<i>Learning Activity 10.4: Comparing the Methods</i>	234
Build or Buy Decision	234
<i>Learning Activity 10.5: App Developers Needed!</i>	235
Using Open Source Software in Business	237
<i>Learning Activity 10.6: How Open Source Software Impacts Build versus Buy</i>	237
Business Example Box 10.1: Open Android versus Closed iOS	238
Outsourcing Information Systems	239
<i>Learning Activity 10.7: What to Outsource</i>	239
Business Example Box 10.2: Reversing the Outsourcing Decision	241
Chapter Summary	243
Review Questions	244
Reflection Questions	245
Additional Learning Activities	246
References	247
Glossary	247
Chapter 11 Information-Based Business Processes	249
Learning Objectives	249
Chapter Outline	249
What Is a Process?	249
Focusing Story: Improving Processes Is for Everyone!	250
<i>Learning Activity 11.1: How Many Steps in This Process?</i>	251
<i>Learning Activity 11.2: Model This!</i>	252
Process Modeling	252
Technology and Processes	254
Process Improvement	256
Business Example Box 11.1: Banking Processes Improved via Blockchain	258
<i>Learning Activity 11.3: Informal Business Processes</i>	258
<i>Learning Activity 11.4: Redesign This!</i>	258
Business Example Box 11.2: Quicken Loans Rocket Mortgage: Moving the Mortgage Process Online	260
Chapter Summary	261
<i>Learning Activity 11.5: Mendix</i>	261
Review Questions	262

Reflection Questions	262
Additional Learning Activities	262
References	263
Glossary	264
Chapter 12 Enterprise Information Systems	265
Learning Objectives	265
Chapter Outline	265
Focusing Story: Supply Chain Innovations at Walmart	266
Enterprise Systems	267
<i>Learning Activity 12.1: Finding the Components of an Enterprise System</i>	268
Enterprise Resource Planning (ERP)	270
<i>Learning Activity 12.2: The Online Beer Game</i>	273
Stats Box 12.1: Top ERP Vendors	274
Supply Chain Management Systems	274
Business Example Box 12.1	275
ERP Is Not Always a Horror Story: Cisco Implementation on Time and Budget	275
Stats Box 12.2: Supply Chain's Impact on Company Performance	277
<i>Learning Activity 12.3: Blockchain and Supply Chain Management</i>	278
Customer Relationship Management Systems	278
<i>Learning Activity 12.4: Customer Relationship Management</i>	280
Stats Box 12.3: CRM Vendors	281
<i>Learning Activity 12.5: Self-Servicing</i>	282
Business Example Box 12.2: DUFL Gains Competitive Advantage through Customer Service	283
Customer-Managed Interactions (CMI)	284
Warehouse Automation and Robotics	284
Chapter Summary	284
Review Questions	285
Reflection Questions	286
Additional Learning Activities	286
References	287
Further Readings	288
Glossary	288
Chapter 13 Information for Electronic Business	291
Learning Objectives	291
Chapter Outline	291
Introduction to E-Business	291
Focusing Story: The iPod and the Music Industry	292
<i>Learning Activity 13.1: Why Is E-Business Important?</i>	293
Stats Box 13.1: Retail E-Commerce in the United States	295

E-Business Models	296
Business Example Box 13.1: Adapting Its Business Model: Amazon.com	297
E-Business Enablers	298
E-Business Impacts	301
Design for E-Business	302
Business-to-Business (B2B)	303
<i>Learning Activity 13.2: Why Would I Trust Them or Buy from Them?</i>	303
<i>Learning Activity 13.3: B2C versus B2B</i>	304
Search Engine Optimization	306
<i>Learning Activity 13.4: Where Is My Web Page?</i>	307
Trends in E-Business	309
Stats Box 13.3: The Global Nature of E-Business	310
Chapter Summary	310
Review Questions	311
Reflection Questions	312
Additional Learning Activities	313
References	313
Glossary	314
Chapter 14 Information and Knowledge for Business Decision-Making	317
Learning Objectives	317
Chapter Outline	317
Focusing Story: Managing Knowledge by Texting	318
Knowledge Management	318
Why Managing Knowledge Is Important	319
<i>Learning Activity 14.1: How You Manage Knowledge</i>	319
Main Processes for Knowledge Management	321
Business Example Box 14.1: The Issue of Trust in Knowledge Management	325
<i>Learning Activity 14.2: Wikis for Managing Knowledge</i>	326
Knowledge Management Technologies	326
Decision Support Systems and Collaboration Systems	328
<i>Learning Activity 14.3: Using a Decision Support System</i>	329
<i>Learning Activity 14.4: Slack for Student Team Projects</i>	331
Business Analytics	332
Business Example Box 14.2: Explaining Profitability Problems through Visualizations	336
<i>Learning Activity 14.5: Effective Visualizations</i>	337
Artificial Intelligence	341
Business example Box 14.3: Applications of AI	343
Business example Box 14.4: Agricultural Robots	345
<i>Learning Activity 14.6: Are AI and Robots Good or Bad for Society?</i>	346
Chapter Summary	346

Review Questions	347
Reflection Questions	348
Additional Learning Activities	348
References	349
Glossary	350

APPENDICES

Note that the following appendices are included in the e-textbook only. The appendices are also posted at the title's website at <https://www.prospectpressvt.com/textbooks/belanger-information-systems-for-business-4-0/>. (Scroll to the red horizontal menu bar, then click on "Student Resources.") Users of the printed textbook can freely access the appendices at the website.

- Appendix A: Computer Hardware
- Appendix B: Computer Software
- Appendix C: Access Fundamentals
- Appendix D: Advanced Access
- Appendix E: Advanced Database Concepts
- Appendix F: Excel Fundamentals
- Appendix G: Advanced Excel
- Appendix H: Networking Basics
- Appendix I: Security and Privacy
- Appendix J: Funding Information Technology
- Appendix K: Managing IS Projects
