

Guiding You Home

Guiding You Home

Hey, there! Welcome.

Find out who we are, what we do, and how we can help you.
This quick explainer was created to give you all the
answers you're looking for.

Who Are We?

We provide short-term and long-term housing solutions by creating comfortable, affordable, and customized stays for each and every one of our guests. Our furnished apartments house travelers with a variety of different needs, pain points, and length of stays.

Our Past

We opened our first location in Stamford, Connecticut in 2006. As the year came to a close, we'd grown to over 150 furnished apartments throughout different Connecticut and New York counties. By 2008, we opened our Boston office and had operational headquarters in Quincy.

Our sights were set on growth, innovation, and building up a solid crew to work by our side.

Brothers In Business: Eric & Chris Fleming

Our Future

Our Future

To this day, our eyes are set on expansion, partnerships, and sustainability. Founding brothers, Chris and Eric Fleming decided to incorporate their passion for sustainability within the company. We improved our process, purpose, and values for a more eco-friendly approach to business. Many of the resulting changes helped reduce waste, were economically beneficial, and motivated our team to do more good.

While most of our apartments are located throughout New England, our growing inventory and network of trusted partners allow us to assist clients with needs throughout the United States.

How It Works

Our process was made to be quick and simple.

1

Find the right property

Browse our site to see different properties and locations. If you're ready to book, click REQUEST to start the process or reach out to our team and we'll reserve an apartment for you!

2

Apply

Our team will send you a simple electronic application. Once you fill it out and send it back to us, we'll draft up a Reservation Agreement with the dates and details you've requested. All you need to do is sign and your apartment will be reserved!

3

You're done

Yup, it's that simple. Along with the receipt of your signed Reservation Agreement, we'll send you a confirmation email with your move-in instructions. Don't worry, we'll also give you a call to give detailed information about the move-in process and answer any other questions you may have.

Why Work With Us

Housing is personal. We believe in creating targeted experiences for every one of our guests.

Take business travel for example. We have a wide selection of inventory that caters to everyone, from an intern's on-boarding apartment to a C-Level's luxury suite. **No two people are the same, therefore, no two housing experiences should be the same, either.**

Our solutions go far beyond business travelers. For medical travelers, students, front line workers, and everyone in between, you need customized solutions fit for your lifestyle, preferences, and pain points. No matter how long your travel needs are, we offer personalized, professional stays.

How We're Different

Whether it's by partnering with local artists to transform each apartment into its own gallery, or housing patients and families close to their treatment centers, our team creates incredible experiences based on every type of traveler.

We work hard to go the extra mile and personalize everyone's stay based on their specific needs. No matter why you need housing, our team is here every step of the way - helping to mitigate exposure, create seamless move-ins, and provide you with everything you need to feel as comfortable as possible.

Who We Help

Not a '*corporate traveler*'? Who cares! While the list goes on and on, here's a few reasons why our residents stay with us:

Remote Workspace Alternatives
Students / University Staff
Business Travel
Temporary Assignments
Permanent Relocation
Medical Stays
Front-line Workers
Home Renovations
Insurance Claims
Leisure
Major Life Events
Hotel Alternative
Holiday Travel

Post-Pandemic Travel

Compass continues to adapt to new ways of working in a post-pandemic world.

2020 has allowed us to learn, adapt, and grow for the better. We were able to form a new understanding of what it means to provide a safe place of respite when people need it most.

We've had to re-imagine our apartments and additional services to fit the needs of today's travelers, including helping them **mitigate exposure** and stay connected through **contact free check-ins, reduced-touch cleaning protocol, and professionally managed units.**

Head over to our website for a detailed explanation of updated policies and protocols.

What's Included

Our website goes into extreme detail, listing out every item within each apartment, so for now, we'll give you the overview:

Our apartments have spacious living areas, beautiful views, and designated work and play areas that keep your best interest in mind. You'll never feel cramped within your apartment, no matter if you're traveling solo, with your family, or your four-legged friends.

All that guests have to pack are their small personal belongings and we'll handle the rest. Being able to cook for friends and family, do laundry in your own space, and throw on your Netflix favorites are there to make sure you have the most stress-free and enjoyable time.

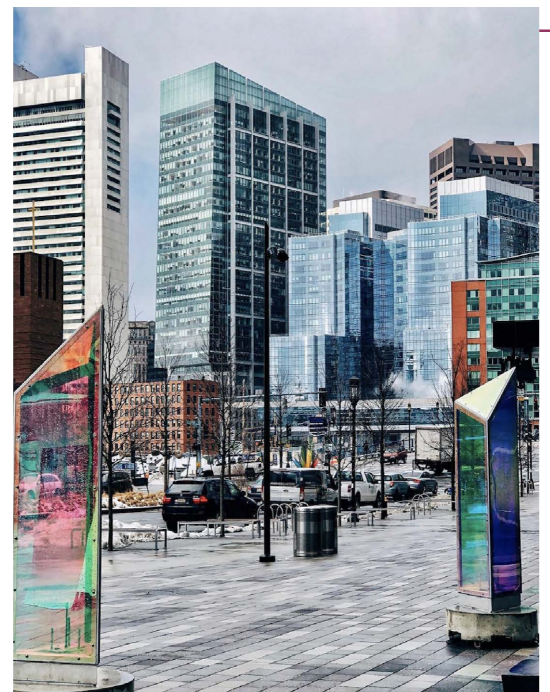

Creating the perfect work-life balance environment is important, too. Our apartments make the perfect workspace alternatives. Comfortable living areas, high-speed, secure internet, and ample desk space are ready to get the job done. We'll work with you to build your very own home office package to make sure you're set up for success.

Businesses

Businesses

Having a valuable corporate travel plan speaks volumes to the entirety of your stakeholders and clients. Working with a professional corporate housing company allows you to **build a competitive advantage, increase employee retention, and attain top talent.**

Every company has different needs, pain points, and budgets. Our crew becomes an extension of your team, making sure your company's travel accommodations are specifically personalized for you, your business, and your travelers.

Properties

Today's style of living demands maximum flexibility. Furnished, unfurnished, short-term or long-term, it makes sense that landlords provide a variety of lease choices to attract a diverse group of renters. Incorporating a short-term furnished apartment strategy into your portfolio will not only attract a more diverse audience, but also provide your existing residents a unique "Guest Suite" amenity for visiting friends and family.

The best part is, you won't have to worry about managing any of this! We take the pressure off your shoulders and act as a true extension of your team.

Let's Talk

Let's Talk

We're ready whenever you are. Let's talk about what you're looking for and how we can work together.

This is hospitality redefined.
