TESTIMONIALS

"Alex, I just wanted to take a moment to thank you for your presentation last week. ... I've seen a number of economists deliver programs in the past, but none of them really connected with the audience like you. From the shaping of your message so that it was understandable and relevant to our members to your engaging and entertaining delivery, you differentiated yourself from the others. Feedback from our members was very positive, with some saying best speaker yet." - [Thomas S. Passek, President of Copper Development Association Inc.](#)

"Alex, you hit the mark very well and I've received nothing but very positive comments. You had our audience of nearly 400 very engaged with a nice mix of humor, future economic insights and learning tools that everyone can take back to their business, territory or sales region. We really appreciate how you customized the slides for our key markets as well. We learned a lot and look forward to seeing you again." - [VP of Sales at Major Technology Firm](#)
