

Weight Scale

Telehealth Connected Scale

A wireless scale for remote monitoring of patients; part of the VitalOn platform. Features include:

- Automatic ON/OFF – Activate scale by stepping on it. Scale turns off after period of inactivity.
- Data transmitted to VitalOn automatically
- Easy to read backlit digital display
- Seamless data transmission to the cloud

VitalOn brings together the best of telehealth, telecare and wellness technologies in a single, unified, connected, always-on platform.

VitalOn combines a powerful AI with unprecedented user-facing simplicity – delivering end-to-end health and wellbeing monitoring for a wide range of health conditions, inside the home or on-the-go.

With continuous uptime and redundant connectivity, VitalOn users are continuously and seamlessly monitored.

SPECIFICATIONS

COMMUNICATIONS

- **Protocol:** BLE
- **Module:** Bluetooth AW51822
- **Frequency:** 2402 MHz to 2480 MHz

DISPLAY

- **Type:** Digital LCD
- **Dimensions:** 74 x 53 mm

POWER

- **Battery:** Four AAA 6 V batteries

DIMENSIONS

- **Size (H x W x D):** 27 x 321 x 321 mm (1.06 x 12.64 x 12.64 in.)
- **Weight:** 1.98 kg (4.37 lbs.) not including batteries

MEASUREMENT

- **Units**
 - Kilograms
 - Pounds
- **Weight range:** 5 – 203 kg (11.0 – 447.5 lbs.)
- **Increment:** 0.1 kg, 0.2 lb.
- **Accuracy:**
 - 50 kg: ±0.3kg (110.23 lbs. ±0.66 lbs.)
 - 100 kg: ±0.4 kg (220.46 lbs. ±0.88 lbs.)
 - 150 kg: ±0.5 kg (330.69 lbs. ±1.10 lbs.)

ENVIRONMENT

- Operating
 - **Ambient temperature range:** -5°C - 40°C (41°F - 104°F)
 - **Humidity:** ≤90% RH max
 - **Atmospheric pressure:** 86 kPa – 106 kPa
- Storage
 - **Ambient temperature range:** -5°C - 40°C (41°F - 104°F)
 - **Humidity:** ≤90% RH max
 - **Atmospheric pressure:** 86 kPa – 106 kPa
- **Water and dust resistant:** IP54 compliant

CERTIFICATIONS AND APPROVALS

- FCC listed
- CE
