

# Future-proof your practice with video telehealth for Allied Health Professionals.

- Provide greater flexibility for your patients
- Save time for yourself and your staff
- Improve your bottom line

Coviu is the Australian Government's video telehealth platform of choice

★★★★★

3.8 Million +

video telehealth consultations have been successfully delivered in Australia using Coviu

## Features & Key Benefits

**Waiting Area & Payment Capabilities**  
Live waiting area and payment functionalities (including rebates) replicate brick and mortar workflows.

**Advanced Clinical Tools**  
In-built clinical tools to enhance your video consultations, by sharing results, education and other resources.

**Interactive Whiteboard, Games & Annotations**  
Customise your client's experience and improve engagement through our range of in-call features.

**Private & Secure**  
HIPAA compliant, world class security and privacy to protect your client's data.

**Integrations**  
Coviu and your platform can work together in parallel, with minimum technical integration, and maximum utilisation of each product.
