

SIMPLE AND SECURE VIDEO TELEHEALTH

Whitelabelling Your Coviu Enterprise Platform

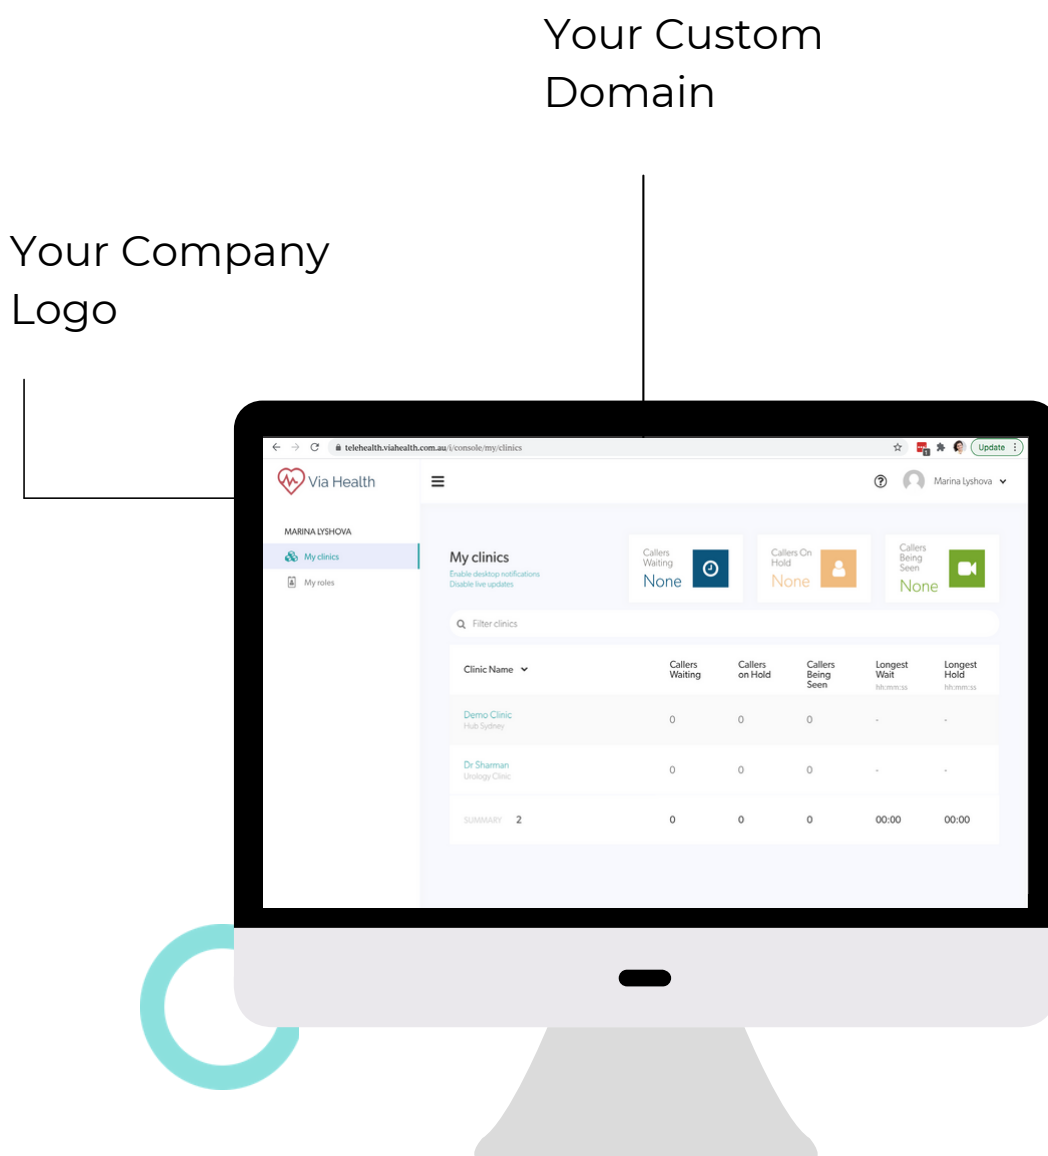

Coviu's Enterprise Plan allows organisations to fully customise their Telehealth platform, including featuring their own domains, branding, corporate colours and logos. This document outlines each element of the platform which can be customised to suit your organisation's needs.

COVIU

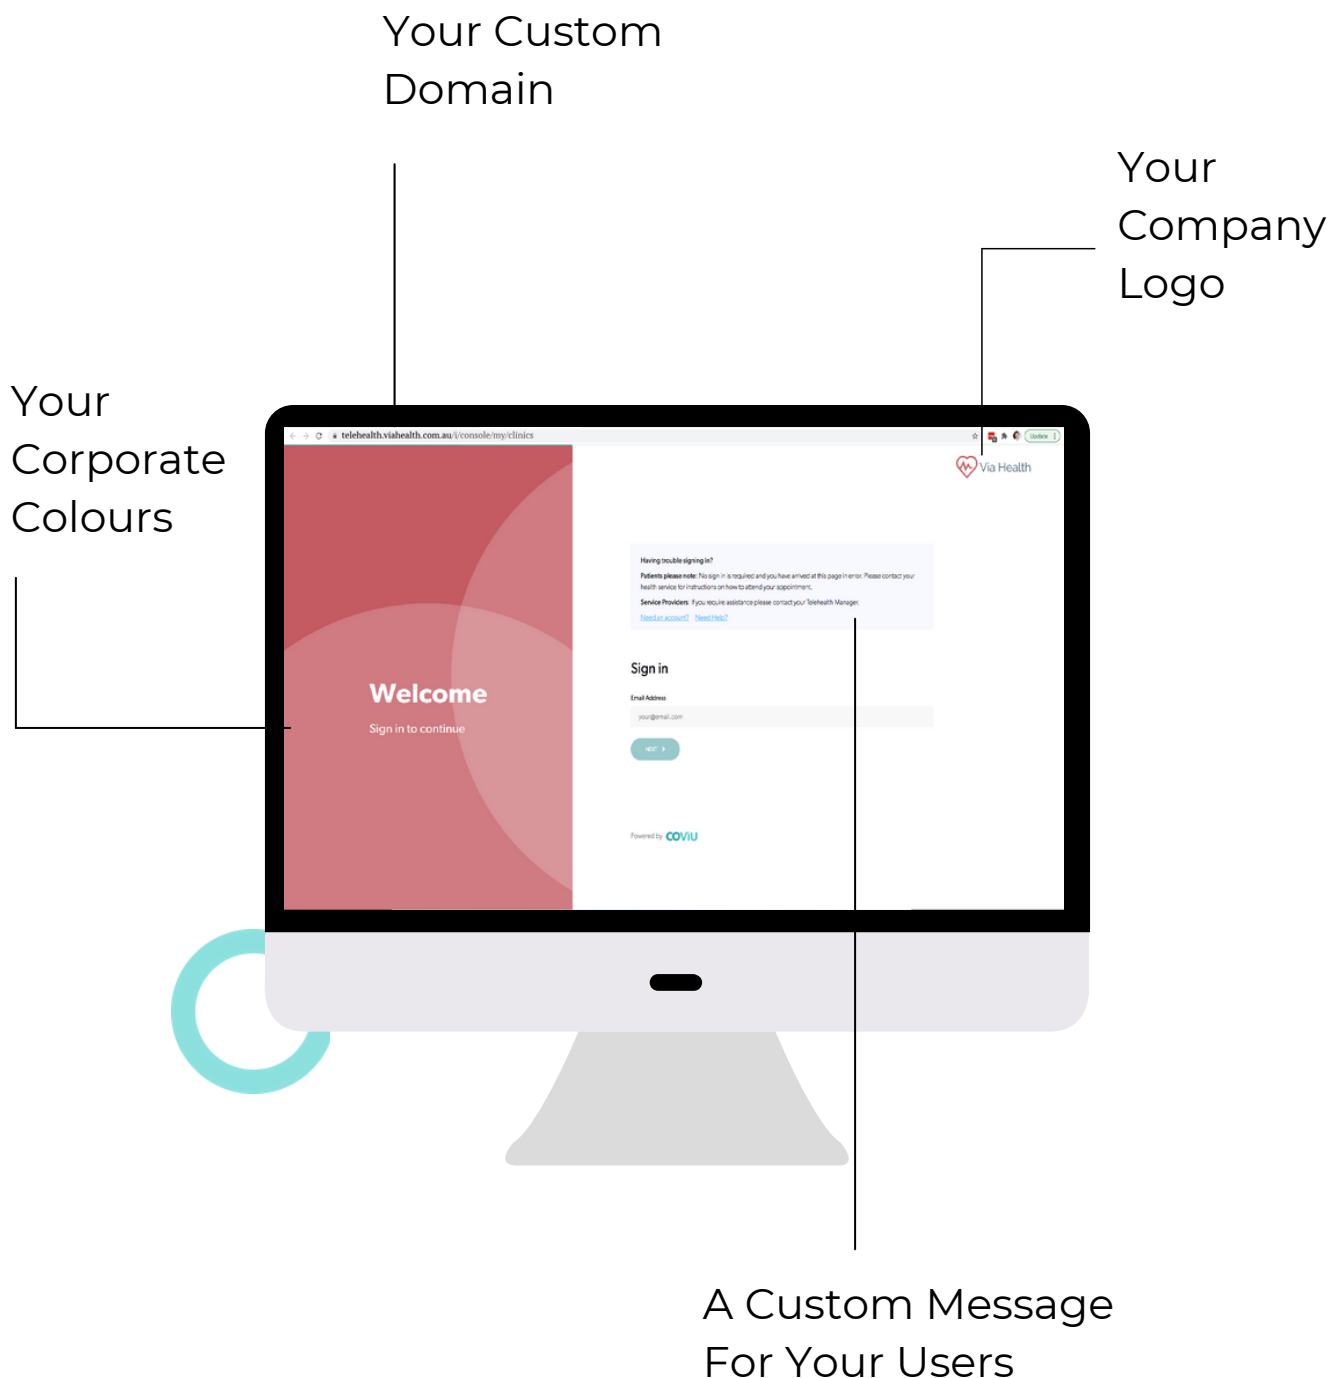

Clinician View - Administrator Screen

The platform dashboard will be accessed by your nominated platform and organisation admin users. This is where you will have full oversight of the platform, including organisations and clinics as well as the ability to download comprehensive usage reports.

Clinician View - Login Screen

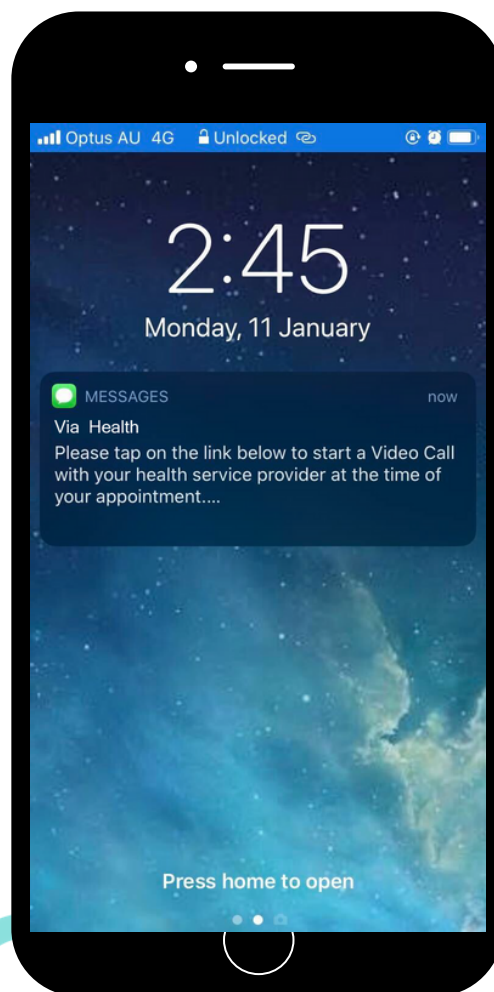

The login screen is what your staff will see when they sign into the Telehealth platform.

Patient / Client View- SMS Invitations

One way to invite your clients into a Telehealth session is by sending an SMS invitation containing a link to the session.

The sender's SMS ID can be customised (cannot exceed 11 characters).

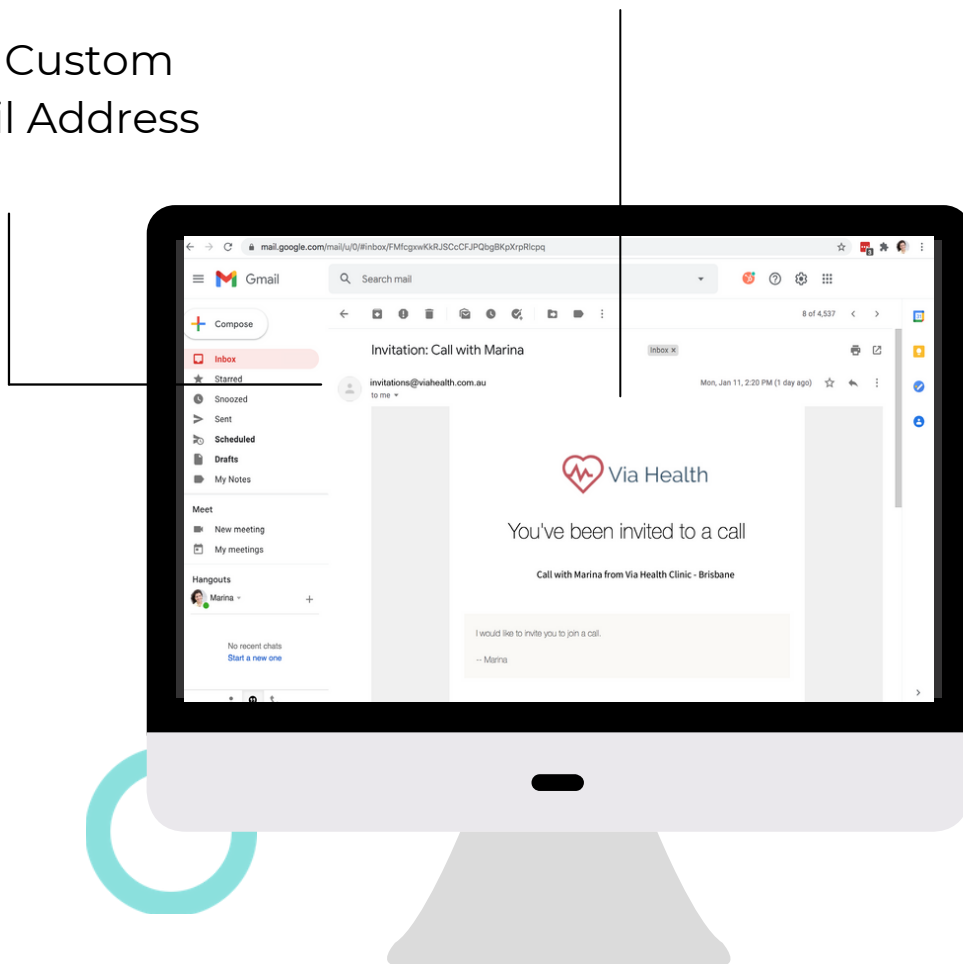

Patient / Client View- Email Invitations

Another way to invite your clients into a Telehealth session is by sending an Email invitation containing a link to the session.

Your Custom
Email Address

Your Company
Logo

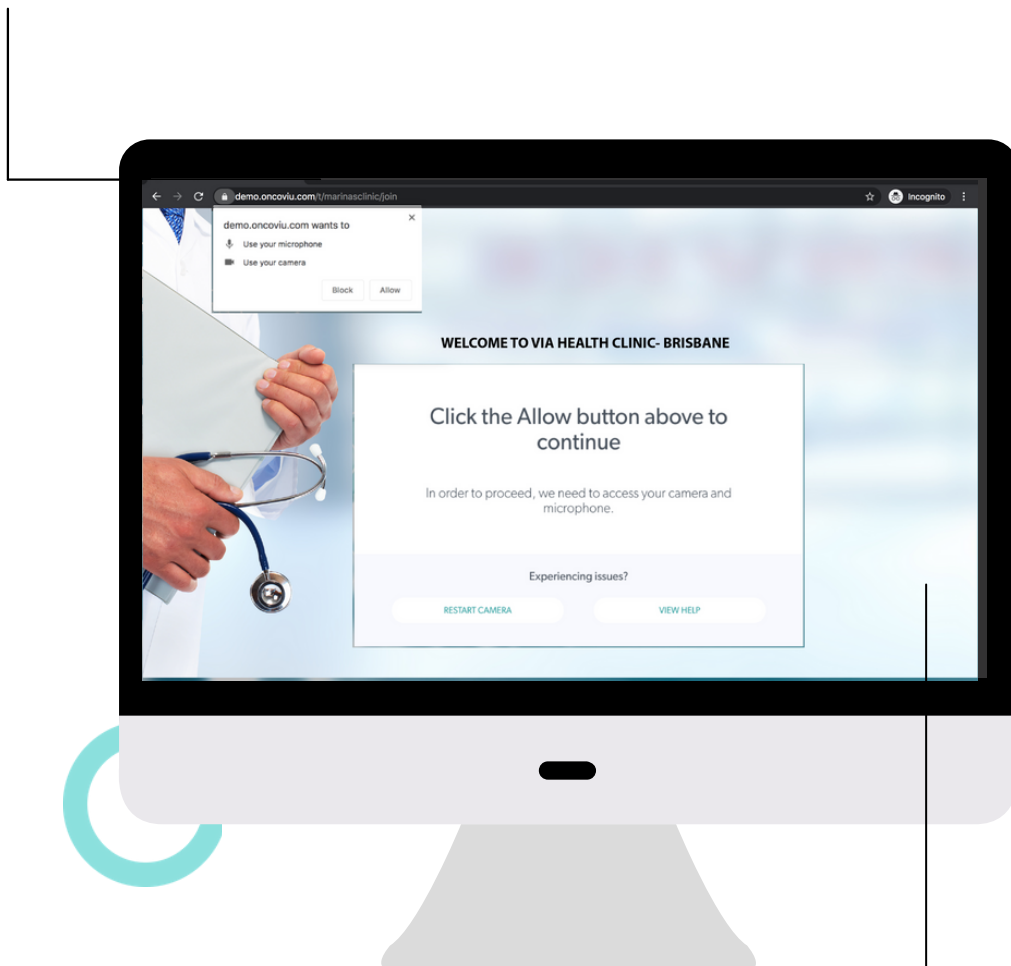

Patient / Client View- Connecting to a Call

Upon clicking the invitation link, your clients will see a screen with a splash image of your choice.

Your Favicon

(a small icon associated with your website, displayed before the URL in a web browser)
