The all-in-one Improvement Platform

Save time and accelerate your improvement projects with Life QI

Tools to get you from aim to evidence, fast

Life QI offers a suite of time-saving improvement tools to help you create the perfect improvement project. Driver Diagrams, PDSA Cycles and SPC Charts are just a few of the features that will remove the need for multiple applications.

Real-time sharing and collaboration

Bring your team's expertise together, remove communication barriers and turn great ideas into meaningful improvement work. Stay up to date with real-time access to all project data and collaborate using project chat and tasks.

Report with ease

Reporting can often be a time consuming and cumbersome task. Life QI removes the bulk of the work using simple report templates that amalgamate all of your project work into a PDF, ready to be emailed to colleagues.

What our users say

> Life QI has opened my eyes to a lot of possibilities for ways of bringing up systematic change, not only in patient care but also to my own life.
>
> **Siolbile Moyo**
> *Occupational Therapist*

> Excellent resource to provide focus and guidance on QI initiatives.
>
> **Helen Mcelroy**
> *Consultant Neonatologist*

> Really good platform to show progress with projects and ensure we keep on track. Great to see what other trusts are doing so that we don't duplicate mistakes but can learn what went right.
>
> **Ann Walker**
> *Interim Head of Midwifery*
