# Learn Together to Accelerate Innovation

Improvement training has come on leaps and bounds over the past decade, but finding effective ways of teaching and learning QI can still be tricky. Enabling training to go further than the classroom with remote tools that make a real difference is now a reality.

✅ Keep it Forever

Don't lose focus after your training. Life QI can move with you. Reference your improvement work and implement your success in your organization.

✅ Tailor Support

Dedicate support where it's needed the most, Life QI's analytics dashboard pin-points areas that need assistance.

✅ Integration

Integrate Life QI into your current learning system. Sync all of your users and manage everything in one place.

✅ Best Practice

Avoid bad habits. Nurture an efficient learning culture by sharing best practice. Create project templates and run programmes to drive consistency.

✅ Peer Groups

Don't lose touch. Whether you are a Graduate, Alumni, part of a collaborative or working for an organization. Continue to stay connected, share new findings and implement successes.

✅ Virtual Learning

Learn wherever you are. Get access to resources, complete training reports, when it suits you.

Remote Learning

Training doesn't have to be done in the classroom. Life QI is designed to enable people to connect, share and submit data remotely.

Coaches can see and review all projects that have been created, quickly identifying if more support is needed. Coaches can also request monthly training reports to check out people's progress.

Knowledge Sharing

Shared learning and collaboration are at the core of everything we do and is known to increase efficiency across organizations.

Life QI actively encourages peer-to-peer communication, sharing QI work that could impact others and help them on their QI journey.

Onboard Anytime

As your team grows or your collaborations expand - onboard new people anytime.

Flexible Forms

Modify forms and reports from Life QI templates or build your own from scratch.

Set Triggers

Trigger forms for users to complete more information when they make changes.

Training Reports

Custom feedback reports for attendees to complete within specific time frames, updating the trainer on how things are going, what they have learned and any reflections.

Dashboards

A simplistic dashboard, presenting an overview of your cohorts projects and progression.

Learning Resources

With 100's of 'How to' articles our help center is packed full of in-depth detailed walkthroughs to support the learning process.
