

How safe are your waterlines?

Test to see if your water is CDC compliant.

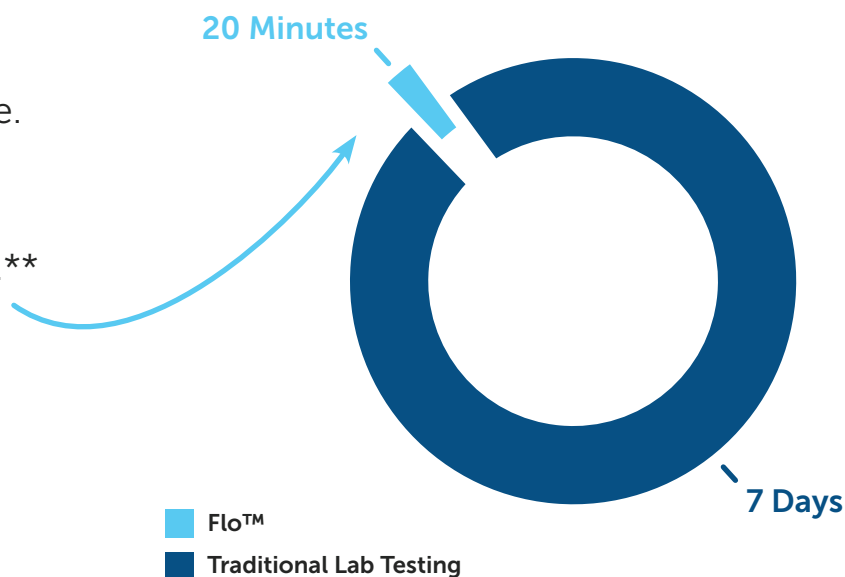

Bring clarity to your practice.

Same-day results with Flo™ can save you time and money.

With over 30% of treated waterlines failing to meet the CDC standard for safe water (≤ 500 CFU/mL)*, testing is the key to protecting your patients and practice! The Flo™ same-day water test results is the fastest, most advanced laboratory water test in dentistry.

- Most advanced and reliable water testing method available.
- Mail-in laboratory testing service with same-day results.**
- Return shipping included with test kit.
- Exclusive access to the ProEdge Dashboard.

*Study cited in "Treating & Monitoring Dental Water", Compendium of Continuing Education in Dentistry, by Nancy Dewhirst, RDH, BS & John A. Molinari, PhD. Data collected from 22,196 consecutive waterline tests (R2A, heterotrophic plate count tests) conducted in 2017 by ProEdge Dental Water Labs. All product types provided by dental offices. Averages may not reflect your test results. All Pass/Fail measured against CDC's ≤ 500 CFU/ml standard. **Once sample vials are received by ProEdge Dental Labs, results are provided same day.
