| 1. Overall, I was satisfied with the training I received.    | 1             | 2                    | 3        | 4     | 5                 |
| 2. Based on my needs, the program was appropriate.           | 1             | 2                    | 3        | 4     | 5                 |
| 3. The instructor made the material easy to understand       | 1             | 2                    | 3        | 4     | 5                 |
| 4. Instructors were professional and well organized          | 1             | 2                    | 3        | 4     | 5                 |
| 5. The facilities were adequate for the required tasks       | 1             | 2                    | 3        | 4     | 5                 |
| 6. Class time and lab time were well balanced                | 1             | 2                    | 3        | 4     | 5                 |
| 7. Instructors used various methods to present material      | 1             | 2                    | 3        | 4     | 5                 |
| 8. The importance of professional work habits was emphasized | 1             | 2                    | 3        | 4     | 5                 |
| 9. Class instruction was clearly related to lab work.        | 1             | 2                    | 3        | 4     | 5                 |
| 10. I would recommend the Auto Tech program to others        | 1             | 2                    | 3        | 4     | 5                 |
