TOPPAN MERRILL

TOPPAN MERRILL BRIDGE™ (BRIDGE)

## Delivering speed, accuracy and expertise for global regulatory filings.

Built on the Microsoft® Office® platform, Bridge integrates seamlessly and intuitively with the tools you already use, unlocking full control, collaboration and confidence to meet SEC and other global regulatory disclosure requirements. A truly hassle-free approach to financial content management and regulatory disclosure compliance. Count on Bridge to improve efficiencies, reduce risk and drive business success for SEC and global regulatory disclosures, proxy statements and annual reporting.

Bridge is intuitive technology that works with your reporting team to make disclosure content management easier, faster and more accurate. Generate precise EDGAR and iXBRL submissions and other global regulatory filings automatically. Enjoy peace of mind with ironclad security protocols. Perfect and distribute financial disclosure documents with error-free confidence. From secure document content management, to design & publishing, print & distribution, EDGAR & iXBRL filings and SEDAR filings, we can lend a hand at every step along the way.

**TOPPAN MERRILL. Expand Possible.**

# Technology you can count on against your toughest deadlines

## Intuitive Integration

Leverage your Excel®, Word and PowerPoint® data to the Microsoft® Office® enabled Bridge platform for quick, easy content creation that reflects live updates to your data. Change once, change everywhere.

## EDGAR and iXBRL Expertise

Automatically generate precise EDGAR and iXBRL compliant submissions to meet SEC, ESMA and other regulatory filing requirements. Maintain ongoing compliance with US GAAP, IFRS and ESEF Taxonomies.

## Team Collaboration

Grant team members permission to edit, comment, track changes and review past versions—in real time—all on one shared, secure platform.

## Vital Accuracy, Enhanced Speed

Utilizing Excel data linking functionality, disclosure documents always reflect the latest changes to your financials. Reduce errors and improve cycle times.

## Security

ISO 27001:2013 and SOC 2 Type II which means your documents are protected by the most rigorous security standards.

“[Bridge] is excellent but more than that your team that we work with day to day is amazing. They are always right there if we have any questions or need help with our folios. Thanks!”
