Relax

Current LED Lamps provide unmatched *peace of mind*.

Complete.....

With the switch of a lamp, our comprehensive offering of precision-engineered LED replacements easily and quickly turn LFL, HID and most any other existing fixtures into high performance lighting solutions.

Innovative.....

Our engineering leadership creates easy to use, energy saving, color enhancing products that reduce total cost of light while improving light quality and lamp life. Use them to transform the look and efficiency of your facilities.

Trusted.....

A reputation for quality and reliability is our legacy from GE lighting. We continue that proud tradition today, creating products that last up to 70,000 hours while delivering superior quality light.

Stock available in **ALL** Pepco locations
