Statement from USASF

MEMPHIS, TN – January 7, 2022 - The trademarks of USASF including the WORLDS marks are very important and valuable to the USASF and its membership. To protect these marks, USASF recently filed a lawsuit against a group of persons who it believes seek to unfairly trade on the goodwill associated with these marks to the detriment of USASF and its membership. In light of this pending litigation, USASF cannot comment any further at this time.
