Workforce Management Suite

Build rosters in minutes, enable employees to clock-in via a timestation app, create error free timesheets, and effortlessly export accurate payroll reports every week.

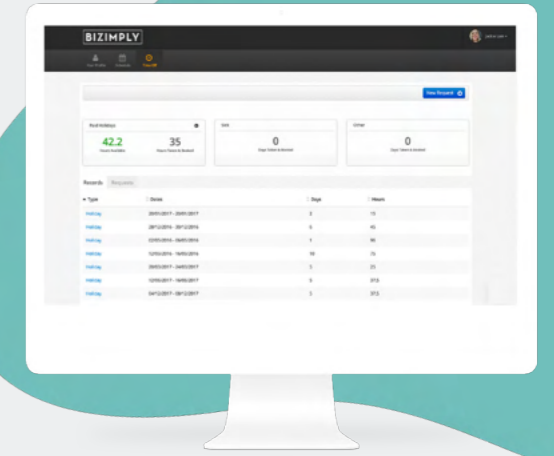

Boost productivity and accuracy

- ✓ Manage overtime and improve timesheets for payroll by capturing and tracking employee attendance, allowing remote clock in with GPS enabled mobile app
- ✓ Avoid time theft and 'buddy punching' with Bizimplys photo verified clocks ins and automated timesheets
- ✓ Easy clock in and out with touch of a button to increase accuracy and productivity
- ✓ Save time and money by approving and sending timesheets to payroll provider in minutes or easily integrate Bizimply with our payroll providers
- ✓ Accurate and up to the minute pay with payroll integration improving employee satisfaction

HR Management Suite

Simplify employee management and ensure compliance in your business.

Ensure compliance

Guarantee labour law compliance

- ✓ Effectively track employees' holidays, time taken off work, hours worked and training.
- ✓ Record employees punch time with time station to avoid disputes and mistakes, increasing accurate and transparent paychecks timesheets.

Establish GDPR compliance of employee records

- ✓ Reduce risk of data breaches increasing better decision making.
- ✓ Greater transparency by recording all activity carried out within employee profiles.
- ✓ Ensure data minimization by only recording necessary employee details.

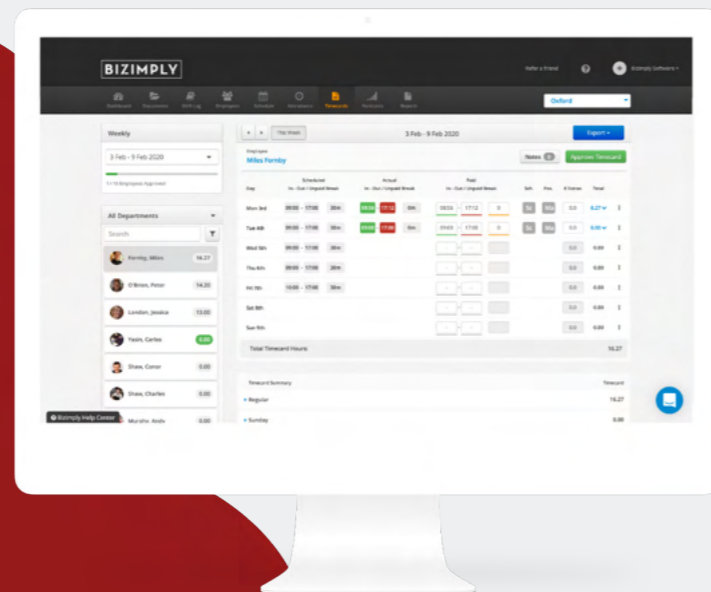

Improve employee engagement increasing employee retention levels

- ✓ Manage employees scheduling quick and painless from time off and holiday accrual through to document storage and pay records on one platform.
- ✓ Cost efficacy with hours spent doing admin tasks with Bizimplys innovative scheduling and attendance solution.
- ✓ Communicate and liaise directly with your team anywhere and anytime to enhance their performance and gain valuable insights.
- ✓ Save time and money by approving and sending timesheets to payroll provider in minutes or easily integrate Bizimply with our payroll providers.

“ Bizimply has been a great tool for all of East London Pub Co. The simple clock in and out ensures that everything runs smoothly when it comes to timesheets and payroll.

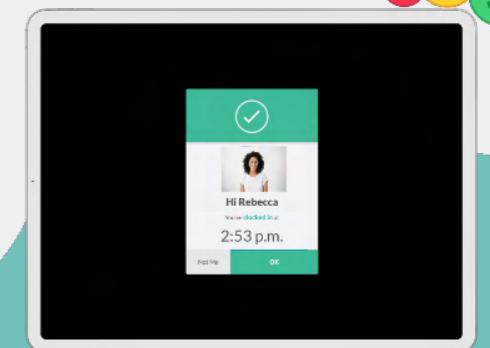

CARLY PICKERING
Recruitment, Training and Development Manager

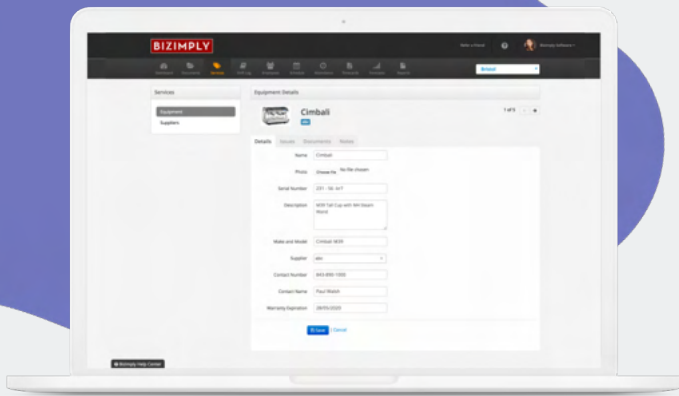

THE EAST LONDON PUB CO.

“ It's like going from black & white to HD. It's fantastic.

JIM SMITH
Operations Director, Sim Trava

Operations Management Suite

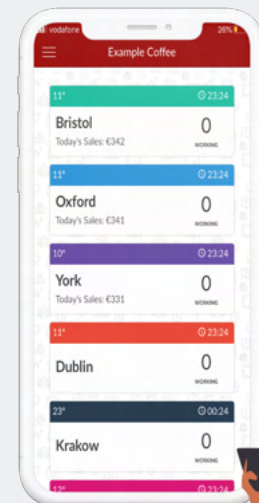

Never miss a moment in your business.

Control all labour costs

- ✓ Using past data to automatically forecast labour hours, sales and other key factors to ensure you stay on target to provide the business with valuable information to maximise revenue, reduce costs, and optimise team productivity.
- ✓ Monitor and manage KPIs using forecasts and our shift log to understand expectations, improve management and ensure that operations run smoothly.

Achieve efficiency and effectiveness in real time shift management

- ✓ Observe and manage multiple locations by having live visibility of your store's actions improving organizational performance and learning.
- ✓ Share and control supplier and employer records and organizational documents in one specific place to ensure up to date and compliant.
