

Freestanding Displays

We Are Creative Fabricators

ROOTED IN OVER 35 YEARS

VGS is an employee-owned, fully-integrated leader in design and fabrication, spanning over 35 years, 12 markets and thousands of projects. From value-driven visual communication systems (signage, fixtures, graphics) and interior / exterior signage, to donor recognition solutions, drive-thru solutions, menu boards, stock display fixtures and so much more, we are a true powerhouse of creativity and craftsmanship.

We have the advantage of combining our unique design proficiency and strong project management skills, with solid fabrication expertise, to create an unparalleled customer experience with their customers and guests.

We Are Here to Help.

At Visual Graphic Systems Inc. (VGS) we are industry pioneers. Our display fixtures allow restaurants, retail stores, hotels, universities, and more to revolutionize the way they communicate.

As the current COVID-19 situation brings on new needs on a daily basis, VGS has done its best to help clients both communicate and facilitate health & safety measures.

We are repurposing many of our stock offerings and inventing new ones to fulfill these unprecedented needs. Included within this document are a few key areas we are thinking about and are able to provide quickly given we have the product available.

All of which can be customized to either be customer facing or for internal use and communication:

- Flexible, changeable health & safety messaging and signage solutions
- Freestanding protective health barriers (customer/staff)
- Branded/custom hand sanitation & communication stations

From retail and foodservice informational and safety displays to educational and hospitality applications our display fixtures and signage solutions provide people with the information they need when and where they need it.

Sanitizing Station

Pole Displays

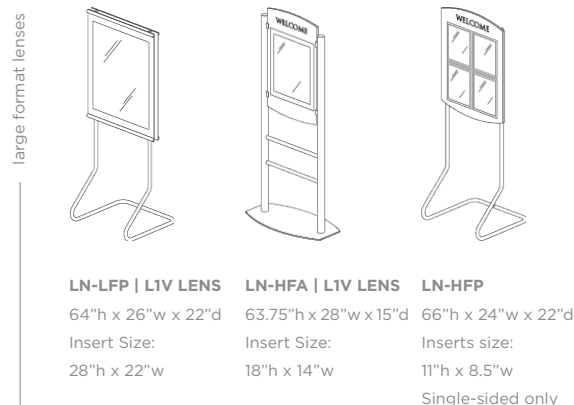

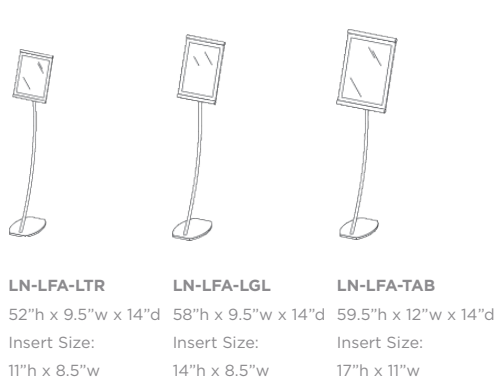

The Concurva® series of displays feature distinguished, fluid, concave profiles that set them apart from ordinary display systems. Their unique design promotes high visibility and focuses the customers' attention on the message you want to present. Our Linea® series of

displays have a more bold, straightforward design. Both series allow you to choose from a wide range of dimensions and formats, so you can utilize them for various forms of messaging or décor.

Multiple Message Displays

Ovations® is a surprisingly affordable modular pole display system that offers incredible versatility. Select from one of our preset configurations, or choose from a wide range of components to create your own unique and exciting system. Our 4 slotted pole system

technology allows for 360° of flexibility and easy updating. As your needs evolve, you can avoid costly sign and display replacement with its interchangeable accessories and updatable graphic options.
