**APROOVE WVM** New Version Release: 2021/R5

## Security Enhancement - Restriction on forwarded tasks

The screenshot shows an email client interface. At the top, there is a toolbar with icons for Delete, Reply, Reply All, Forward, Meeting, Attachment, and Move. The 'Forward' icon is highlighted. Below the toolbar, the email content is visible. It starts with the subject 'Upload Files on project 2021R5 Demo' and is from 'Jeff Ross <no-reply@aproove.com>' sent 'Yesterday at 4:02 PM'. The email body contains the APROOVE WVM logo and the text 'Project 2021R5 Demo'. Below this, it says 'Jeff Ross assigned you the task "Proof Upload V2" on proof(s)'. A grey bar at the bottom of the email content area contains the text 'Action needed: Proof Upload V2' and a green button labeled 'Start my task'. At the very bottom of the email, there is a question: 'Would you please send the required files using this invitation?' followed by instructions: 'To close your session when the proof files are uploaded, please click the button at the bottom of the invitation window.'

The screenshot shows a 'Project options' configuration window. It contains a list of settings with checkboxes and a dropdown menu. The 'Enforce identity on user tasks' option is checked and highlighted with a red box. Other options include 'Email copy', 'Lock', 'Lock proof after sending notification', 'Lock proof on approval', 'Allow two-factor authentication (2FA)', and '@mention inherit sender permissions'. The 'Note snapshot' dropdown is set to 'Do not store'.
