

Map purchase through Naviextras portal

If your device was registered in Toolbox earlier, you can buy new maps on the Naviextras portal as well.

To proceed with this method, please visit <https://www.naviextras.com/shop/portal>.

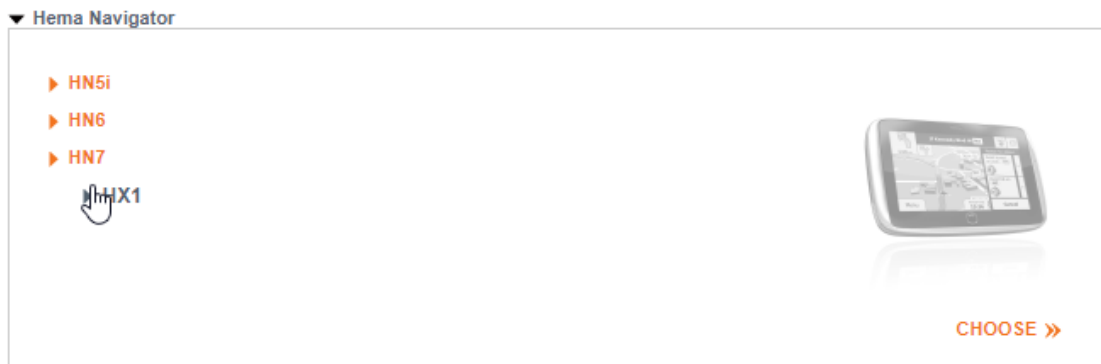

1. User profile

Use your account that you registered in Toolbox to log in to your profile:

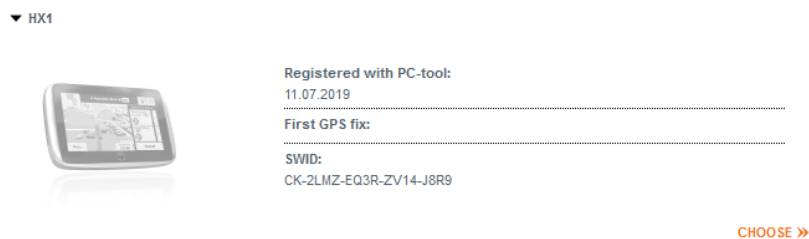

2. Device Selection

Choose your device on the Device Selection screen:

Your registered device information appears, select „choose“:

The device selection is now completed.

Prices are established and payable either in EUR or USD. Prices available in other currencies are only indicative prices for information purposes. Prices for private person customers domiciled in the EU or Russia are inclusive of VAT. Prices for registered corporate customers domiciled in the EU or in Russia are exclusive of VAT. Prices for customers domiciled outside of the EU or Russia are exclusive of VAT. Prices always exclude local taxes, duties, custom fees and other applicable local governmental fees, if applicable customer is responsible for the payment of such applicable additional fees and duties to the relevant authorities. In case of physical products, prices are exclusive of delivery cost (e.g. shipping and handling charges) and such will be calculated during the checkout process and payable by customer.

Proceed with the purchase steps until the checkout:

After the successful payment, you will receive the confirmation e-mail with the order details. The invoice or receipt of the payment can be found on the History page.

4. Map update

After the map purchase, the subscription will be available on your device. You can update your maps over the air on your device until the end of the subscription period.

To update the maps go to the „Updates” menu, select the new subscription and proceed with the update steps.

At the end of the update process you can check the actual map version and the related license in the „About” menu:
