UPGRADES

LIGHTWEIGHT TRIPOD:

This is a great addition to the family of tripods. It is light and is equipped with a head you are used to working with from our heavier tripods.

LIGHTING KITS:

These new versatile battery-powered light kit made by Fiilex will give your productions a brighter more pleasing image even if you use just one.

MONO PODS:

For those shooting B-roll, the new mono pods are a must. They are super light-weight and can be easily set up in record time.

PLYMOUTH TOWN HALL VIDEO TECHNOLOGY:

In partnership with the Town of Plymouth we secured funding and wiring commitments for a state-of-the art, purely digital, multi-room camera and audio system. Allowing us to record and broadcast multiple meetings with dedicated fiber connection from the town hall directly to our studio enabling us to maintain the highest possible image and sound quality from our coverage to your living rooms.

EDITORIAL WORKSTATION UPDATES:

Starting with our edit workstations, we shifted to a Windows 10 environment by upgrading twelve machines located at PACTV, Silver Lake Middle School and Silver Lake High School. Along with this Operating System update came an organization wide update to our Adobe Creative Cloud subscriptions allowing us to continue leveraging the power and versatility of this high-level suite of creative tools.

PEMBROKE HIGH SCHOOL BRIGHTSIGN:

We worked with Pembroke High School to update and upgrade their in-house digital signage and Cable TV display system in their cafeteria and added a monitor to their lobby. A new digital signage system, BrightSign was installed and their Comcast cable service was upgraded to HD. School administration will be able to share daily information on their four HD displays and well as run important news and relevant events on Comcast cable channels as needed.

JANE E. RICARDI - NORTH LIGHT FINANCIAL SERVICES

“ I cannot say enough about the professionalism, efficiency and friendliness of PACTV. Frankly, the entire staff at PACTV is awesome and any time I have worked with them, there are no bumps in the road and everything runs like clockwork. I hope to work with PACTV for many years to come. ”

LETTER FROM THE PACTV MANAGEMENT, DAN RODRIGUEZ & JULIE THOMPSON

We feel very fortunate to be in the position to provide media services to our towns and our community. We believe in our mission of informing and empowering our residents and businesses to keep engaged and connected with each other through the ever changing landscape of media technology and the potential of its many applications.

We invite you to browse through this 2017 annual activities report to gain insight into the scope of services we provide and the depth of commitment we have to our mission. 2017 brought many changes and upgrades to PACTV's service capabilities.

Our long-range goal to provide our viewers with a 100%, digital product began in 2016 with a dramatic upgrade to our programming platform. In 2017 we remained on target with contracted commitments from Comcast and Verizon to upgrade and re-engineer our transmission lines to carry our content to viewers digitally.

We are very excited about this progression and are looking forward to a complete shift to digital delivery by Fall of 2018. Rapid developments in streaming video have also afforded us the ability to stream live events from multiple locations over the internet at Broadcast level quality with unprecedented flexibility. This technology has played a significant role in expanding our availability for live events.

We have continued to hone our skills as a staff and broaden our reach as a resource to all. We strongly believe in the power of the local connection and how very important it is now, more than ever, to keep informing our good citizens, bringing the good news and empowering local voices. We look forward to 2018, new challenges, new horizons, new beginnings.

Feel free to reach out to PACTV anytime; we welcome the communication.

Very sincerely yours,
Dan Rodriguez and Julie Thompson
PACTV Management

LETTER FROM THE PACTV PRESIDENT BOARD OF DIRECTORS, GARY GUMPRIGHT

2017 was another year of accomplishments for PACTV as we celebrated our 20th year of service. Our communities served include Duxbury, Kingston, Pembroke and Plymouth. The variety of our services continues to expand as we utilize new broadcast delivery methods to improve our products, and we adopt new ways to better serve you, our customer.

Our commitment to service delivery has been a priority for us as we worked to renew town agreements. The focus this past year has been working with cable providers and our communities to maintain our position as an advocacy and provide awareness of the laws, policies, and regulations that impact public access services. Our volunteers and staff produce hundreds of hours of programming per month covering unfiltered public access, educational and government topics focused on our communities' needs.

Our partnership with national organizations also allows us to stay informed of trends and attitudes affecting cable franchise fees which is our primary source of funding as a non-profit service provider. Rapid changes to how media content is delivered and the ways people consume media are quickly morphing. As a result, cable revenues that support our services fluctuate so it is incumbent upon us to diversify our funding sources to preserve and protect the valuable services we provide. We continually seek out alternate sources of fundraising for our business as we broaden the scope of what we can offer to our communities.

One such service expansion is our Creative Media Services (CMS) team which offers full service Video Production, Communications and Facility/Equipment Rentals to those persons within the community with creative interests, businesses, and non-profits. Funds raised from CMS will supplement PACTV's not-for-profit work to ensure our services to communities continue to flourish.

I invite you to review the accomplishments made throughout this past year in this 2017 Activities Report. I also encourage you to visit our facility and meet our dedicated staff; we have much to offer.

Very Respectfully,
Gary M. Gumpwright
President, PACTV Board of Directors

LEFT TO RIGHT: GARY GUMPRIGHT, VIVIAN MULLIGAN, DEBORAH WALL, KATHY YOUSSEF

LESLIE CUTLER, GEERE HOOKER, DARIN COLUCCI & MATHEW J. MURATORE

COMMUNITY PRODUCERS

The Community channel can be seen in Duxbury, Kingston, Pembroke & Plymouth. Alongside our news shows and local event coverage, programming on this channel represents the interests of our communities: from spiritual shows to cooking, local talk shows to entertainment. These shows are done by community producers, who start out as members and learn to use the production facilities to create their programs.

They use the channel, which is a First Amendment forum, to share their thoughts, ideas and passions with their fellow townspeople and create a dialogue. Watch the channel at any point during the day and you could see a local theatre production, a discussion about town issues or ways to create a delicious meal.

Number of shows and specials: 341
Hours of new programming: 477.5

OUT OF AREA PROGRAMMING

This is content that is created by outside producers and/or access centers, but that local residents find of interest and want to share on the channel. The topics are as wide as one's interests-from science and technology to the arts and outdoors.

Out-of-area shows and specials: 206
Hours of new out-of-area programs in: 230
 5

MEMBERSHIP & INTERNS

Residents of Duxbury, Kingston, Pembroke and Plymouth join PACTV for a variety of different reasons. Some join to make their own television show, some want to volunteer and others want to support the organization.

146 volunteers donated 421 hours of their time.

MARILEE DRISCOLL
 ENTREPRENEUR & FOUNDER OF THINGS TO DO IN PLYMOUTH MA
Being a part of PACTV has allowed me to bring the Plymouth Show to fruition. The Plymouth Show allows me to do something that I have always wanted to do - to interview and get to know several of the people that make Plymouth such an interesting place to live in and visit.

BETHANN KEANE - UNIVERSITY OF RHODE ISLAND PUBLIC RELATIONS AND COMMUNICATIONS STUDIES / PLYMOUTH RESIDENT

"I am grateful to have had the opportunity this summer to work at PACTV as an intern. I learned so much more than I anticipated. I am fortunate to have been exposed to video production, act as production assistant and learn more about marketing. You were all amazing people to work with and learn from."

RYAN NURMENNEMI - DEAN COLLEGE COMMUNICATIONS MAJOR / PEMBROKE RESIDENT

"PACTV has been a wonderful hands on experience for me. I really enjoyed filming both the Duxbury 4th of July Parade and the Plymouth Harbor's annual Plymouth Philharmonic concert. I also really enjoyed working closely with both PACTV's Managing Director Julie Thompson and PACTV's Production Assistant Tom Bolus."

CLASSES OFFERED

PACTV offers video production training to PACTV members. Classes can be group classes or more individualized training. Classes include the following:

Location Audio
Location Lighting
Introduction to Camcorder
Editing with Adobe Premiere Pro

Studio Production
Cooking Show Classes
Talk Show Classes

59 Classes Taught

THOMAS J. CALTER
STATE REPRESENTATIVE

“AS A MASSACHUSETTS STATE REPRESENTATIVE FOR THE 12TH PLYMOUTH DISTRICT, I HAVE HAD THE PLEASURE OF WORKING WITH PACTV’S PROFESSIONAL STAFF AND THEIR TEAM OF VOLUNTEERS.

THEY WORK TIRELESSLY AND HAVE DONE AN EXTRAORDINARY JOB ENTERTAINING AND INFORMING THE COMMUNITIES OF KINGSTON, PLYMOUTH, DUXBURY AND PEMBROKE. PACTV GIVES CITIZENS THE OPPORTUNITY TO VIEW GOVERNMENT MEETINGS, PROVIDES VALUABLE PUBLIC SERVICE ANNOUNCEMENTS AND BULLETIN BOARD NOTICES THAT THE CITIZENS HAVE COME TO DEPEND ON.”

COMMUNITY BULLETIN BOARDS

PACTV’s longest running community service is our Community Bulletin (CBB). PACTV create CBBs on each of our six channels.

Organizations, non-profits, municipalities, and schools submit notices to promote their events, organization or call for volunteers. These notices are created by our staff at no charge and run in between programming on our six channels.

2,670
Community notices were created.

HELPING NON PROFITS PSA DAYS

PACTV is a service organization and we know that part of our role is to help local nonprofits promote their organizations and events. Nonprofits often have limited budgets and resources to get the word out about the great working they are doing.

One of the ways PACTV helps nonprofits is through PSA Day. PACTV held five Public Service Announcement (PSA) Days in 2017 with 17 organizations.

PACTV COMMUNITY NEWS & PCN LIFE

PCN is PACTV's weekly news show that we produce for our communities! We focus on local stories from Duxbury, Kingston, Pembroke and Plymouth and often cover stories that aren't seen anywhere else on television. The show has grown since 2012 and continues to focus on local people, organizations, businesses and community events.

PCN Life features the lighter side of life on the South Shore and profiles the people in our community, showcases musicians, discusses health and wellness, features area restaurants, events and so much more. The show is recorded every two weeks and plays on the Community channel each week after PCN.

AWARDS WON IN 2017

"Spend the Day in Duxbury" - Brian Sullivan, Bronze Telly Award & Hometown Media Award

This story was the third installment of "Spend the Day" where we get a look at some of the things folks can do from morning to night in the south shore towns we cover here at PACTV. We visited Duxbury and went to amazing places in the town including Ellison Beach, Myles Standish Monument, the Foodsmith, Art Complex Museum, Duxbury Beach, the King Caesar House, the Windsor House Inn and FarFar's Ice Cream shop.

"The Arts 200th Special" - Maureen Boyle, Bronze Telly Award

This piece was produced for the 200th PCN Episode Celebration. The segment pulled from four years of stock footage and covers fine arts, music, theater, dance, spoken word and much more. All four towns PCN covers are represented- Plymouth, Duxbury, Kingston, and Pembroke and also represents all ages. It was produced and edited by Maureen Boyle.

HEALY SAMMIS - BREAK A LEG THEATER WORKS CO-FOUNDER

“ OMG! I have watched the (Break a Leg Theater Works) segment about 500 times and have gotten choked up every time! Thank you SO MUCH for our profile! **”**

Lifestyle 89 Stories

EVENT COVERAGE

PACTV covers a variety of community events each year. Coverage included multi-camera field shoots and recorded events.

Rotary Club's Annual Auction

Kingston & Pembroke Memorial Day Parades

Duxbury & Plymouth 4th of July Parade

Plymouth 4th of July Celebration Concert with the Plymouth Philharmonic

America's Hometown Thanksgiving Celebration Parade

“Thanks for making the Parade available. We aired the parade on @KCRTMedia in the San Francisco Bay Area over Thanksgiving and the weekend. Great job by your staff and crew.”

Special Coverage of Plymouth Town Hall Ribbon Cutting

GETTING CREATIVE

Writers sometimes get writers block and people who create video are no different. That is why in 2017, we held the PACTV Video Challenge. Each month we ran a different challenge. While the the video challenge assignments were short and some required little or no editing, what we got was amazing. Members created some fantastic videos and especially during the cooler months, got very busy. Thank you to all of the members that submitted videos!

January	Sometimes It's the Little Things	July	Slow Motion Challenge
February	Can You Hear Me Now	August	5 x 5 Magic
March	Pet Portrait	Sept.	Morning Routine
April	Find Your Center	Oct.	Interesting Light
May	20 Steps	Nov.	Cook Up a Recipe
June	Home Sweet Home	Dec.	The Best of 2017

MANNEQUIN CHALLENGE

The Mannequin Challenge was a viral video craze featuring people imitating mannequins and freezing for the camera while music plays in the background. PACTV joined in on the fun and we created our own in 2017.

RAISED \$38,000

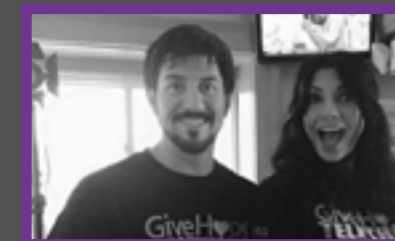

GIVING HOPE

In August and September of 2017, Hurricanes Harvey, Irma and Maria hit the United States hard. Hurricane Maria is regarded as the worst natural disaster on record in Puerto Rico. The Give Hope Telethon was organized by PACTV staff to make a difference.

It was held on September 23rd and guests appeared in studio or were skyped in, while volunteers answered phone calls and acted as crew. The event raised \$38,000 in only a few hours. PACTV was fortunate to have help from The Plymouth Rotary Club to help ensure that 100% of the donations were given to people on the ground in the affected areas.

Thank you to those involved:

YOUTH PROGRAMMING

TIDES OF TOMORROW: CREATING A CULTURE OF AQUATIC SUSTAINABILITY

The PACTV summer documentary program is a two-week course for local students in 7th, 8th and 9th grade to teach them the start to finish fundamentals of producing a documentary. Over the years, students have put together award-winning documentaries about local icons and businesses. In 2017, students created a document short exploring the concept of aquaculture and sustainable food sources featuring Island Creek Oysters in Duxbury. The students conducted the interviews and shot the documentary over a period of two days and edited their movie with the help of the PACTV staff. At the end of the workshop a screening party was held at Studio G at the Grove in Plymouth.

Bronze Telly Award won for
**"People of the First Light. Thanksgiving:
A Native Perspective"**
(Created in collaboration with
Plimoth Plantation, in 2016)

LAURA ANTONIOTTI - MOTHER OF SUMMER DOCUMENTARY WORKSHOP STUDENT

“ Our first contact with PACTV was the Summer after seventh grade for my son. He participated in their Summer Documentary Workshop, which won a Telly Award. I had no idea the influence this would have on him. Since then, he took the workshop again the next year, winning another Telly Award and then after that for his freshman year of high school to shoot and edit the Behind The Scenes Documentary. It was a wonderful experience and the hands-on learning sparked an interest in him that I hadn't seen before. ”

IN OUR SCHOOLS

KINGSTON & PEMBROKE

In our Schools PACTV manages the Educational Access programs and channels for the towns of Kingston and Pembroke. Both programs are a result of collaborations between PACTV and the individual school systems, where the programs reflect the needs and preferences of each school system. We strive to provide students, educators and other volunteers the opportunity to develop studio and field production skills as well as proficiency in industry standard multi-media software. We also awarded \$4,000 in total scholarships to seniors graduating from Kingston and Pembroke High School.

KINGSTON EDUCATIONAL ACCESS

PACTV maintains the Television Production studio at Silver Lake Regional High School and uses the studio as a base of operations for After School Meetings, Independent Studies, Tours and other collaborative projects with educators throughout the school. As a result of this work, in 2017, 56 pieces of programming were produced for the Educational Access channel, including but not limited to:

Concert Coverage & Other Performing Arts Events
Talent & Karaoke Shows
Speaker Series Episodes 1 & 2
School Committee Meetings
Shakespeare Festival

Free Speech Weeks PSAs
Cultural Awareness Panel
Creative Writing Club Projects
Silver Lake Graduation Coverage
Event Coverage & PSAs

AFTER SCHOOL A/V CLUB

Students frequently direct the types of projects they are interested in creating in addition to acting as crew on event coverage for the school at large. Educational Access staff also offers support one day each week at Silver Lake Regional Middle School. PACTV pays a subscription fee for the online editing program "We Video" which allows the Librarian and other educators to incorporate video production into their curriculum.

INDEPENDENT STUDY

The Independent Study program in Kingston is a new concept geared toward creative writing students who want to further pursue developing their writing style into something visual, which include academic and production studies.

PEMBROKE EDUCATIONAL ACCESS

PACTV operates out of a classroom in the Arts Wing at Pembroke Public High School. Educational Access Staff are present at the school, two days a week to facilitate the After School A/V program, run the Broadcast & Film Independent Study programs as well as work on special projects with academic educators within the school. As a result of this work, in 2017, 32 pieces of programming were produced for the Pembroke Educational Access channel, including but not limited to:

Titan TV News (5 Episodes)
Concert Coverage & PSAs
Guidance & Parent Information Sessions
Freshmen Orientation
We are Pembroke

Winter Play
Senior Awards Night
Thanksgiving Day Football Game & Half Time
Pembroke High School Graduation
Why Teach, Pembroke

INDEPENDENT STUDY

Educational staff developed two separate curricula for students allowing for Independent Studies to be available in both Broadcast Programming and Film. Each program included academic and production studies as well as opportunities to crew for event coverage.

MICHAEL BYRNE - PEMBROKE HIGH SCHOOL TITAN TV STUDENT

“ My introduction to broadcast was rather recent. In my Junior Year, my friend Matt Kreckie asked for my help setting up a camera for the school news channel. Little did I know, that answer would lead to later taking a broadcasting class and having my footage shown nationally. Film and Broadcast has become a surprisingly large part of my life and has lead me to study this art. PACTV and Zach Dolan have had a huge impact on my Senior Year and have given me an outlet to express my interest in filming and editing. ”

BILL MCSTOWE - SILVER LAKE REGIONAL HIGH SCHOOL ENGLISH LANGUAGE ARTS

“ In September of 2017, Erika Christensen took over the Laker TV program and started working with me and my Creative Writing students. The kids are collaborating, thinking critically and creatively, while developing an understanding of technology and media literacy. Silver Lake's partnership with PACTV offers real world training and experience for our students. They produce such genuine pieces and Erika is capable of capturing the student's interest, hard work and their smiles. ”

GOVERNMENT ACCESS

PACTV's Government Services department provides a wide-range of services to our four towns. These include regular meeting coverage from each town, Spring and Special Town Meeting coverage and coverage of special meetings and government events. PACTV also works with elected and town officials to create informational talk shows for residents and candidate services including Candidate Spotlight and in the spring of 2017, covered a Candidate Forum in Kingston and held a Candidate Forum in Plymouth.

REGIONAL GOVERNMENT ACCESS

PACTV works with County and State Officials to provide informational government programming to residents in our four towns.

In 2017, 14 shows were recorded:

Register's Report - hosted by Plymouth County Register of Deeds John Buckley (11 episodes)

Breaking the Cycle - hosted by Plymouth County Dist. Att. Timothy Cruz and Plymouth County Sheriff Joseph McDonald (1 episode)

Roundtable: Town Administrators & Town Managers for the towns of Duxbury, Kingston, Pembroke and Plymouth (1 episode)

Promote Prevent Public Hearing - Special Commission on Behavioral Health Promotion & Upstream Prevention, headed by state representative Jim Cantwell.

DUXBURY GOVERNMENT ACCESS

Comcast 15 & Verizon 39

PACTV works with Duxbury to provide talk shows and meeting coverage to inform residents. These include:

Primetime at the Duxbury Senior Center - Hosted by Director Joanne Moore (2 episodes)

Board of Selectmen	28 Meetings	Envision Duxbury Forum	1 Meeting
Planning Board	18 Meetings	Community Compact Signing	1 Meeting
Zoning Board of Appeals	13 Meetings	Medicare Forum	1 Meeting
Board of Health	10 Meetings		
Historical Commission	2 Meetings		
Town Meeting	1 Meeting		

75 Total Meetings

KINGSTON GOVERNMENT ACCESS

Comcast 14 & Verizon 41

PACTV works with Kingston to provide talk shows and meeting coverage to inform residents. These include:

Mapping the Master Plan - Hosted by Kingston Town Planner Tom Bott (2 episodes)
Kingston Coffee & Conversation - Hosted by Kingston Town Administrator Robert Fennessy (1 episode)
Young at Heart - Hosted by Kingston Council on Aging Director Tammy Murray (2 episodes)

Board of Selectmen	27 Meetings	Capital Planning Committee	1 Meeting
Planning Board	21 Meetings	Rent Control Board	1 Meeting
Zoning Board of Appeals	19 Meetings	Library Info Session	1 Meeting
Council on Aging Board	8 Meetings	Power Supply Choice Info Session	1 Meeting
Town Meeting	2 Meetings	Affordable Housing Lottery Session	1 Meeting
Town Meeting Preview	1 Meeting		
Master Plan Committee	1 Meeting		

85 Total Meetings

PEMBROKE GOVERNMENT ACCESS

Comcast Channel 15

PACTV works with Pembroke to provide talk shows and meeting coverage to inform residents. These include:

Elder Savvy - Hosted by Pembroke Council on Aging Director Anna Seery (3 episodes)
Pembroke Today - Hosted by Pembroke Board of Selectman Ed Thorne (3 episodes)

Board of Selectmen	34 Meetings	Zoning Board of Appeals	2 Meetings
Town Meeting	2 Meetings	DPW Commissioners	1 Meeting
Board of Health	11 Meetings	Cable Negotiating Committee	1 Meeting
Planning Board	10 Meetings		
Conservation Commission	10 Meetings		
Advisory Committee	6 Meetings		

77 Total Meetings

PLYMOUTH GOVERNMENT ACCESS

Comcast 15 & Verizon 47

PACTV works with Plymouth to provide talk shows and meeting coverage to inform residents. These include:

Cafe COA - Hosted by Former Director of Elder Services Conni DiLegio (1 episode)
Nook News - Hosted by Plymouth Center for Active Living Beth Hadfield (3 episodes)
State Matters - Hosted by State Representative Matt Muratore (9 episodes)

Board of Selectmen	38 Meetings	NDCAP	3 Meetings
Planning Board	27 Meetings	Town Meeting	3 Meetings
Advisory & Finance	17 Meetings	Town Meeting Preview	3 Meetings
Precinct Chairs	12 Meetings	Ribbon Cutting Ceremony	1 Meeting
Charter Review	12 Meetings		

119 Total Meetings

PACTV IN THE COMMUNITY

PACTV staff are dedicated to our communities by volunteering and serving on local, regional and national boards.

Julie Thompson - Board of Directors, Plymouth Area Chamber of Commerce

Carol McGilvray - MassAccess, Board of Directors

Nancy Richard - Treasurer, The Alliance for Community Media

Donna Rodriguez - President of the Board of Directors, Destination Plymouth

Erika Christensen, Kim Miot & Donna Rodriguez - Members of the Rotary Club of Plymouth

Julie Thompson - Volunteered at the Talking Information Center

Donna Rodriguez - Master of Ceremonies for the March of Dimes, March for Babies in Plymouth

PACTV is a member of the Duxbury Business Association, Kingston Business Association, Pembroke Chamber of Commerce and Plymouth Area Chamber of Commerce

PARTNERSHIP WITH TALKING INFORMATION CENTER (TIC)

PACTV partnered with the Talking Information Center (TIC) in 2017. The TIC stream of news, articles and other information runs on five of PACTV's Channels in between programming. This non-profit organization provides this programming to viewers who are visually impaired and we are proud to work with TIC.

The TIC runs on the following channels:

Duxbury Government Channel - Comcast 15 & Verizon 39

Kingston Education and Government Channel - Comcast 14 & Verizon 41

Pembroke Education Channel - Comcast 14

Pembroke Government Channel - Comcast 15

Plymouth Government Channel - Comcast 15 & Verizon 47

CREATIVE MEDIA SERVICES

PACTV provides a variety of Creative Services and Facility/Equipment Rentals for area businesses and non-profit organizations. Our Creative Media Services (CMS) team are storytellers and visual artists who use technology to assist you in communicating your message. All proceeds from CMS supports our non-profit and community services.
