

Dr. Karien Henrico

Biography

Dr. Karien Henrico started her academic teaching career in 2008 and currently forms part of the Department of Emergency Medical Care, Faculty of Health Sciences, at the University of JHB. She obtained a Bachelor of Technology Degree from Tshwane University of Technology (2006) and a Master's degree from The University of Johannesburg (2010 - Cum Laude), for which she received the award for the 'Best Graduate from the Faculty of Health Sciences, 2011. She further obtained a PhD in Health Professions Education from the University of the Free State (UFS - 2015).

Karien has been teaching within Higher Education for more than 12 years and during this time, taught various modules within various departments for a variety of disciplines. Her research focus is on the use of clinical simulation as an educational tool and the wellbeing of students during their higher educational studies. She strongly believes in the principle that you cannot care for anyone else if you do not care for yourself first.
