

SBD4800 FARMER GETTING YOU CLEAN FUEL WITH EVERY FILL

The Sebco 4800L **Farmer Package** is a compliant above ground banded plastic diesel tank for use on farms and in industrial situations all over New Zealand.

These tanks are cost effective, easy, safe and are efficient to fill and dispense from, and guaranteed to keep your fuel clean and secure, are tough and will not rust or leak.

The Farmer Model features the Piusi 240v Cube 70 (70lpm) pump with resettable dispensing take and total take, Triple filtration system and 4m of hose with auto shut off nozzle, a light for night time use, Piusi Ocio fuel level monitoring and a locking front door offering a high level of security.

WHAT ARE THE BENEFITS FOR YOUR BUSINESS?

Security

The compliant Sebco tanks are double-skinned and boast a secure, lockable pump cabinet to ensure safety of your equipment and provide a deterrent from would-be thieves

Saves Money

Onsite fuel saves money. Having an onsite tank will save your money on every litre of fuel and prevent unnecessary extra purchases from service stations.

Saves Time

Onsite fuel will reduce refuelling labour time by 100's of hours per year. No more waiting in queues to refuel or to pay. Just refuel and you are ready for tomorrow.

Greater Control

It's never been a better time to get your business costs under control and being in control of your fuel costs makes sense.

Low Maintenance

Because inner tank is insulated from the environment there is less chance of condensation forming, keeping fuel cleaner & no costly repairs to vehicle injector pumps via the triple filtration system

Easy Refuelling & Tracking

Open the cabinet and lift the nozzle to activate the pump, making it very easy to fill up you diesel-powered machinery and track how much fuel you're pumping

The **Sebco 4800 Diesel Stations** are the only EPA (Environmental Protection Authority) compliant plastic banded diesel tanks in New Zealand. Our products are designed to provide the users with fuel storage facilities that are smart, safe, secure and compliant.

In a world where environmental protection, workplace safety and efficiency, security, compliancy, record management and fuel sterility are priorities, Sebco products tick all the boxes.

SPECIFICATIONS

- ✔ Tank type: Bunded storage and dispensing tank
- ✔ Location: Above ground
- ✔ Safe fill level: 4,750L
- ✔ Diameter: 2,450mm
- ✔ Length: 2,800mm
- ✔ Height: 2,300mm
- ✔ Pump flow rate: 56lpm
- ✔ Inspection Aperture: 120mm
- ✔ Venting: 120mm
- ✔ Colour: Grey with Blue door
- ✔ Fill Point: Ground level filling with 50mm cam lock
- ✔ Security: Lockable access door with pump isolation switch
- ✔ Dispensing: Via automatic nozzle & 4 meter flexible hose
- ✔ Tie down points for transport and for secure positioning on-farm
- ✔ Quality Assurance: HSNO compliant, WorkSafe NZ and EPA approved Code of Practise, ISO9001
