RE: COVID-19 /Coronavirus Update #47C Travel Protocols

During this holiday season, it is disheartening to us all that COVID-19 is still impacting our lives and creating the necessity for continued restrictions. This is also complicated by the advent of flu season.

With family members scheduling more family visits, please have them check with Concierge Services in advance of their travel to ensure the County they are traveling from does not have a positivity rate higher than 10%. The latest "hot spot" County list and map where the positivity rate is higher than 10% is attached for your convenience. This list is updated weekly based of the Florida Department of Health's positivity rate.

As a reminder, the **ONLY** COVID-19 test we accept for entry into our communities is a Polymerase Chain Reaction Test, also known as a PCR test. Rapid antigen/antibody tests will not be accepted. Please share this information with your family and friends who are planning to visit, along with your private employees such as caregivers and housekeepers.

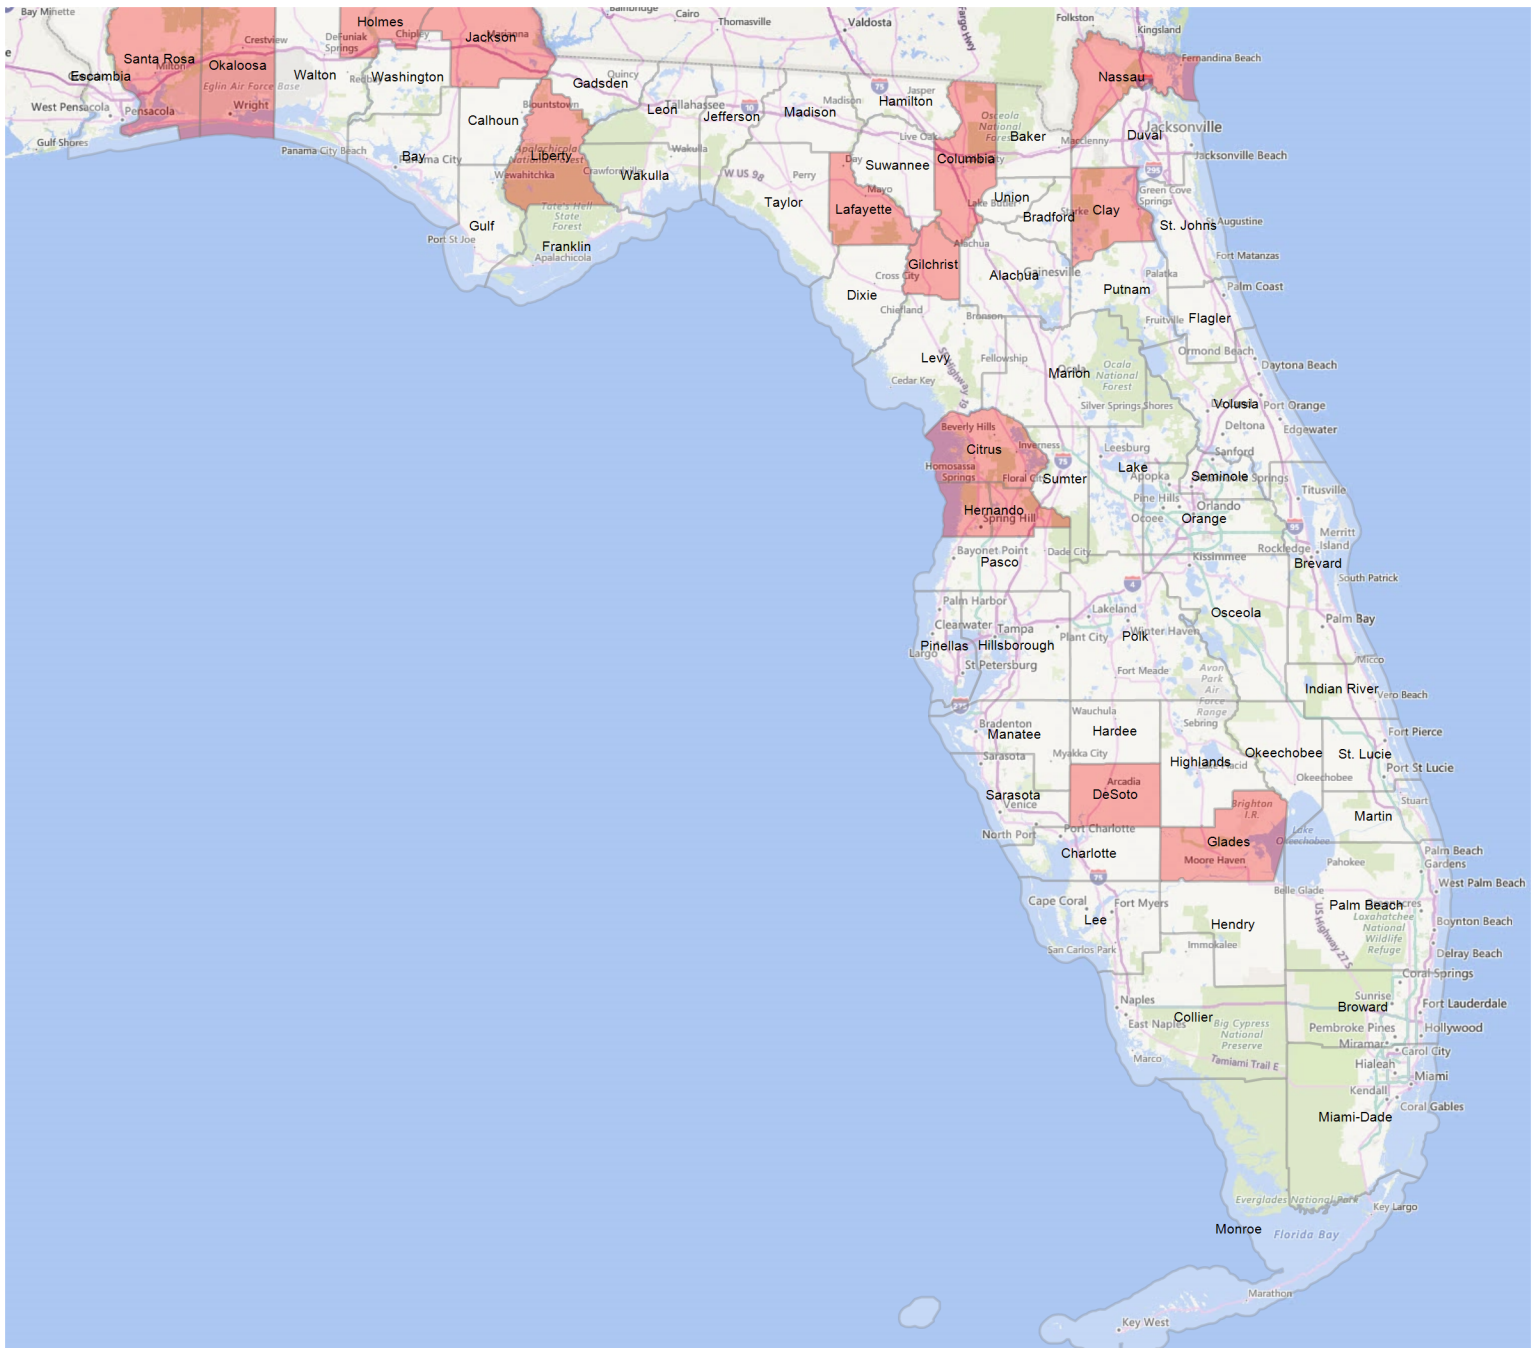

We are grateful for your patience and continued efforts as we navigate the holiday season during this pandemic. As always, thank you and let's take care of each other.

Current Florida County Positivity Rate 10%+

County	Rate
Citrus	11.3%
Clay	10.5%
Columbia	11.5%
Desoto	19.1%
Gilchrist	10.4%
Glades	16.0%
Hernando	10.0%

County	Rate
Holmes	10.7%
Jackson	11.3%
Lafayette	17.2%
Liberty	14.0%
Nassau	11.2%
Okaloosa	15.3%
