RE: COVID-19 /Coronavirus Update #47E Travel Protocols

For your convenience, the latest “hot spot” County list and map where the positivity rate is higher than 10% is attached.

Please remind your family members to check with Concierge Services in advance of their travel to ensure the County they are traveling from does not have a positivity rate higher than 10%.

Also, please remind your family and friends who are planning to visit, as well as your private employees such as caregivers and housekeepers, that the ONLY COVID-19 test we accept for entry into our communities is a Polymerase Chain Reaction Test, also known as a PCR test. Rapid antigen/antibody tests will not be accepted.

Thank you for your patience and understanding as we continue to navigate the holiday season during this pandemic.

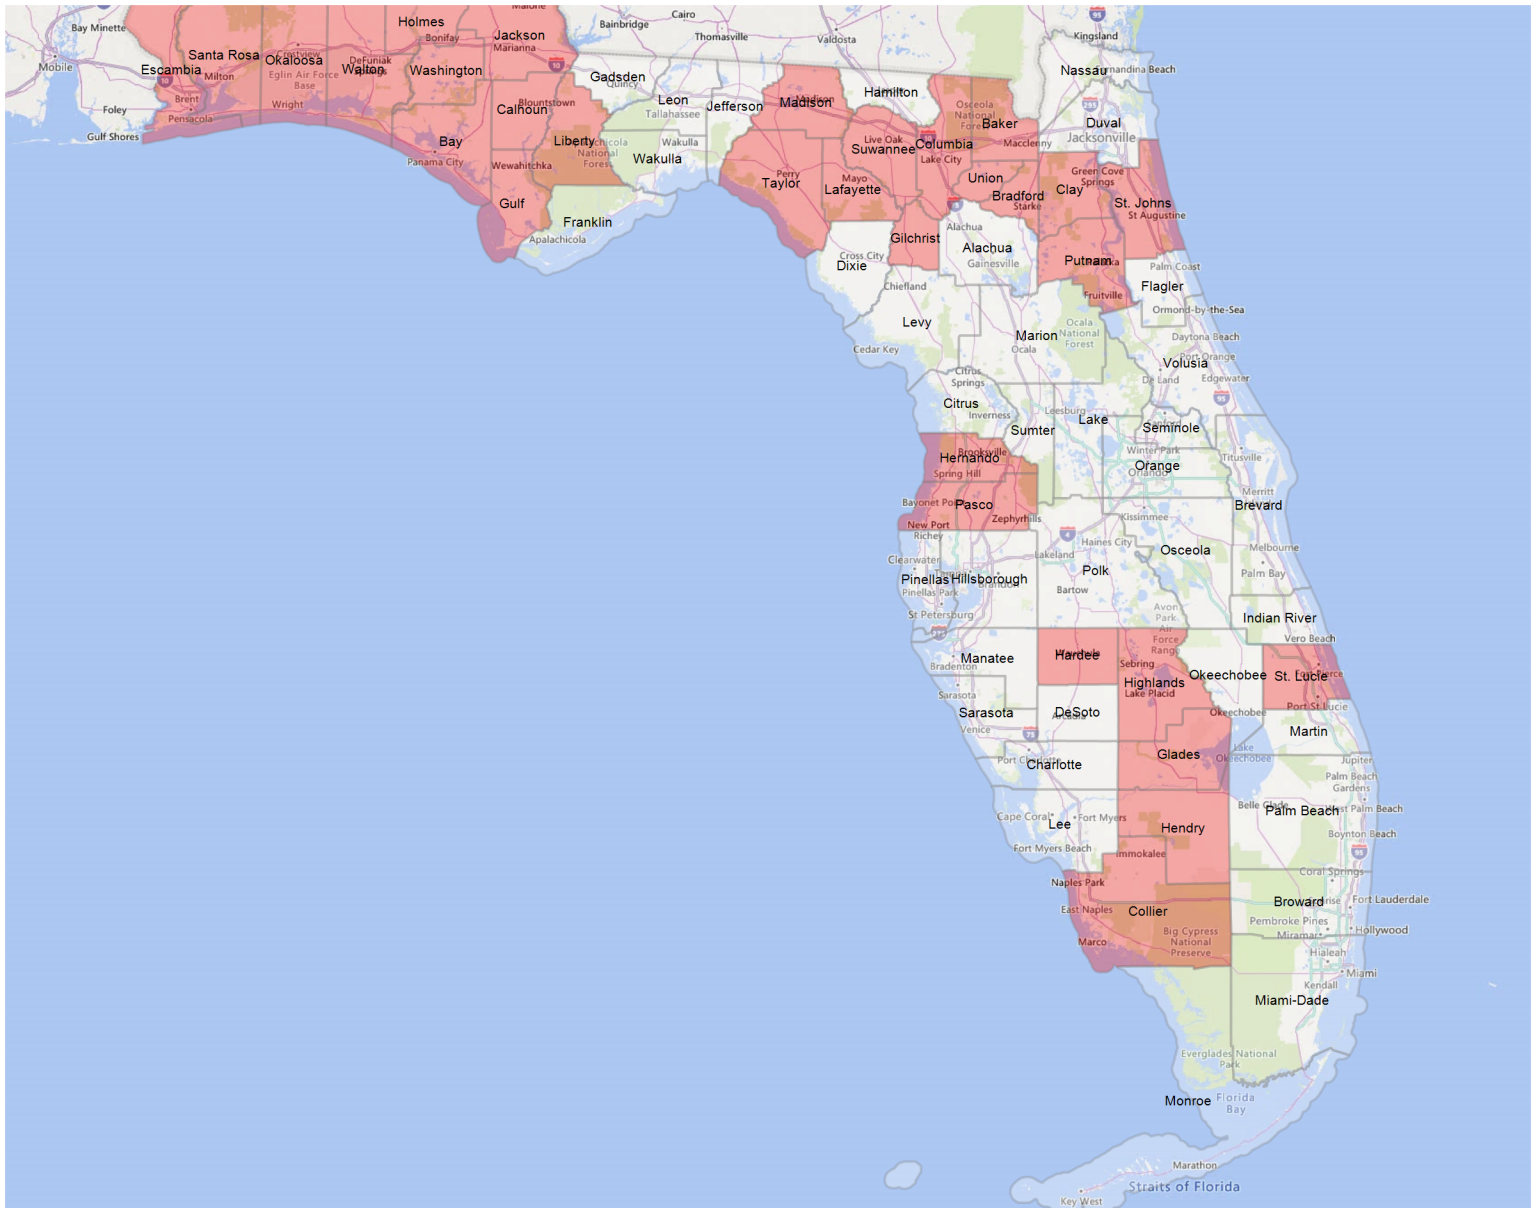

Current Florida County Positivity Rate 10%+

County	Rate
Baker	12.3%
Bay	12.1%
