RE: COVID-19 Pfizer Vaccination / COVID-19 Update #51

After an extraordinarily difficult year, Sarasota Bay Club will soon be making the COVID-19 vaccine available to residents and staff. Sarasota Bay Club has enrolled in the CDC COVID-19 Vaccination Program, available through a partnership with Walgreens Pharmacy which has prioritized residents and staff in senior and assisted living communities. Walgreens Pharmacy has agreed to recognize our campus as one long term care campus, thereby allowing all residents to receive the vaccine. This is extraordinarily good news!

While vaccinations are not required, they are strongly encouraged by the CDC to contribute to creating a safer and healthier environment for everyone.

Walgreens Pharmacy will oversee the process by scheduling and operating vaccination clinics as well as administering the vaccine itself. Safety protocols, including mask-wearing and social distancing will remain in place until further notice.

We have been provided with a COVID-19 vaccination date of Wednesday, December 23, 2020.

This will be part one of a two-part vaccination series.

If you would like to have the vaccine series, we will need to have a consent form completed by you. To do this, on Sunday, December 20th, 2020 we will be in the Ringling Room to assist you in completing this consent form. Please come at the time noted below. Please bring your Medicare/Insurance card with you.
