**FROM:** Gail Chase *Gail*  
**DATE:** November 10, 2020  
**RE:** COVID-19 /Coronavirus Update #47A Testing Clarification

---

With the holidays rapidly approaching and family members scheduling more family visits, it is disheartening to us all that COVID-19 is still impacting our lives and creating the necessity for continued restrictions. The holiday season is also complicated by the advent of flu season. It is a reality we must face as a community as we continue to navigate through the pandemic utilizing the most current data available to us. The upcoming months will be complicated by the increasing number of virus cases in different states. We are taking this opportunity to clarify/update memo #47 issued on November 2 on the travel protocols currently in place and hopefully these protocols will maintain us through the holidays. The clarification is listed below:

**The ONLY COVID-19 test which we are accepting for entry into our communities is a Polymerase Chain Reaction test, also known as a PCR test. Rapid tests antigen/antibody will not be accepted. Please share this information with your family and friends who are planning to visit. Also share with your private employees such as caregivers and housekeepers.**

**In-State Travel**

The latest “hot spot” County list and map where the positivity rate is higher than 10% is attached for your convenience. These counties will change as the positivity rate goes up or down. Please have your family check with Concierge before they travel to ensure the county they are traveling from is not currently on our list as a “hot spot.”

Once again, we are grateful for your patience and continued efforts as we navigate this holiday season during this pandemic. As always thank you and let’s take care of each other.
