RE: COVID-19 Pfizer and Moderna Booster Consent Form Clinic

---

The past year and a half has been filled with challenges and learning to deal with the COVID-19 pandemic. While vaccinations were not required, they were strongly encouraged by the CDC to contribute to creating a safer and healthier environment for everyone. The vast majority of residents at SBC are vaccinated. Now it is a year and a half later, and we find ourselves still dealing with a variant of the virus and rising numbers. Vaccinated residents now have the opportunity to get a booster shot to continue keeping our environment safer and healthier for all of us.

Hedges Health Smart Pharmacy, the same pharmacy that provides our flu shots, will oversee the process by scheduling and operating the Booster Clinic. Safety protocols, including mask-wearing will be required during the clinic.

***We are able to provide both the Pfizer and Moderna Booster. If you would like to have the Booster vaccine, we will need to have a consent form completed by you. To do this, on Monday, September 6, 2021, Cynthia and I will be in the Ringling Room to assist you in completing the consent form. This must be completed to receive the Booster. Please come at the time noted on the reverse.***

***To qualify for this Booster Clinic, your second vaccination must have been given by February 28, 2021. If you do not qualify as yet, we will be holding another clinic.***

The COVID-19 Booster vaccination will be administered on Wednesday, September 15, 2021.
