

# Model 130 Tabletop Wrap Labeler

(For Large OD Products)

**Applies labels to round bottles and cylindrical products quickly and with repeatability. Just place a bottle on the caddy and lower the handle. The labeler does the rest.**

## **FEATURES:**

- Up to 17" OD
- Heavy-duty construction
- Easy-access label threading
- Easy-access product caddy
- Simple operation
- Does not require compressed air
- Winds up scrap liner
- Quick and easy changeover between products
- Single or front-back application

## **OPTIONS:**

- Custom caddy for larger or smaller products
- Oversized frame for wider labels
- Compliant rollers for glass bottles with uneven sides
- Special version for tapered products with curved label
- Hot stamp for date coding
- Clear label sensor
- Label counter
