

NEW

NESCHEN PHOTOLAM 650

THE NEW REFERENCE CATEGORY

The brand new PhotoLam 650 laminator from Neschen is launched with a mature concept. This laminator, specially developed for photographers, sets new standards in the field of high-quality photo laminations. The innovative Neschen PhotoLam 650 allows photos and prints to be provided with a protective film and a double-sided adhesive mounting film in just one operation. Ideal for high-quality and sophisticated finishes in the field of photography up to a working width of 650 mm. To avoid the silvering effect, the laminator has a top roller that can be heated up to 70°C.
