## About TOEFL ITP® Practice Tests

TOEFL ITP® Practice Tests can be used flexibly as stand-alone practice for the TOEFL ITP® exam or as a homework supplement to face-to-face TOEFL ITP® preparation courses. The exam is specifically designed to assess the proficiency levels of test-takers, and their ability to use English effectively in an academic environment.

There are three full practice tests available at both Level 2 and Level 1 which reflect the structure of the TOEFL ITP® exam at each level. These can be used at any stage of preparation – early on to improve test-taking strategies and identify weak areas, or nearer to the examination date to increase confidence and provide additional practice.

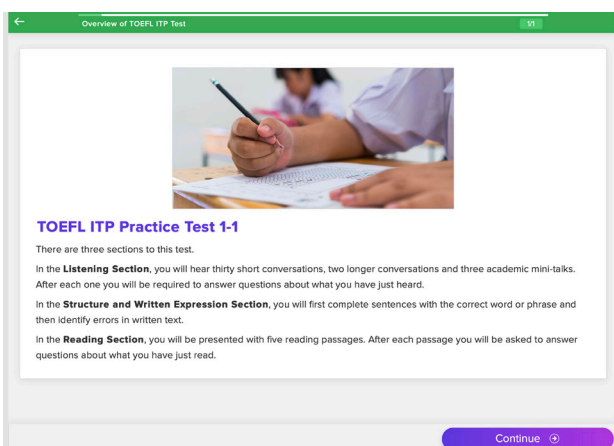

## Reliable Preparation

Our TOEFL ITP® Practice Tests have been written and developed by expert writers with extensive TOEFL® preparation teaching experience, and follow the exact format of TOEFL ITP® exams for Level 2 and Level 1. At both levels, students are first presented with a short overview of the structure of the exam. They will then complete the key exam skills sections: Listening, Structure and Written Expression, and Reading (Reading and Vocabulary at Level 2).

Topics reflect the key content and settings students will encounter on the exam which include Academic, Campus-Life and General topics, and all of the audio has been recorded using professional actors with North American accents.

Although the practice tests are not timed, it is recommended that students progress through the questions and sections following the timings of the TOEFL ITP® exam at each level (Approx. 1 hr 10 mins for Level 2; and 2 hours for Level 1).

At the end of each practice test, students will see scores for each section, and an overall percentage for the test. This gives students and teachers an indication of which areas need further practice and focus.

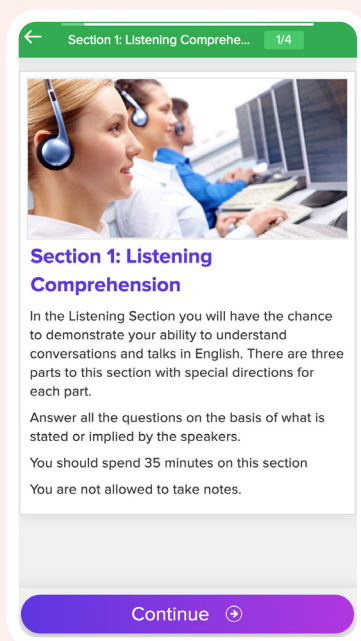

## TOEFL ITP® Practice Tests feature:

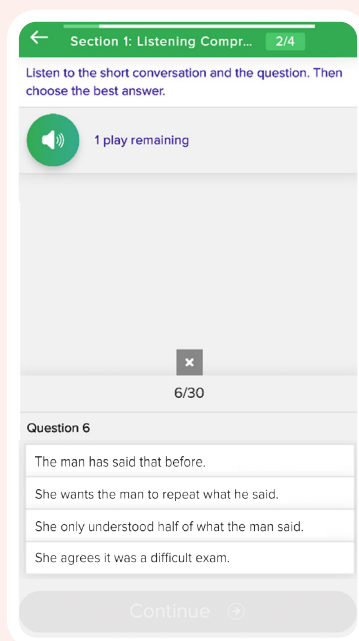

- 6 practice tests that will prepare students for the TOEFL ITP® exam (Levels 2 and 1).
- Realistic TOEFL ITP® content and topics that students will encounter on the exam.
- Section, question and format types that reflect the TOEFL ITP® exam.
- Immediate practice test results, with a score for each section, along with an overall percentage.
- An end-of-course certificate on completion of all 3 practice tests at the level of preparation.

### Lesson Flow

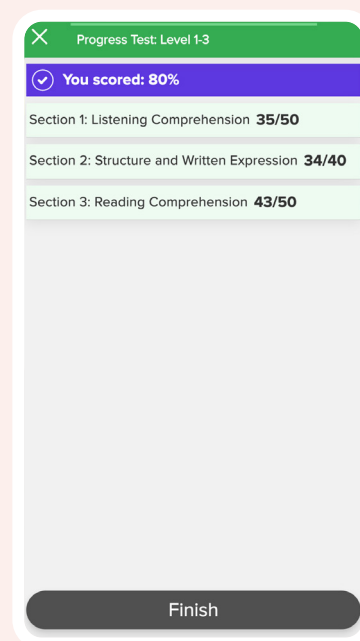

The TOEFL ITP® Practice Tests follow question and format types that appear on the TOEFL ITP® Test.

Students are given an overview of what to expect in the exam at the start of each practice test.

Exercise types throughout mirror the sorts of questions that students will encounter in the exam.

At the end of each test, students are given results for each section, as well as an overall percentage for the test.
