

# SAP STAFFING EXPERTISE

Develop a sophisticated workforce for the future of cloud

Metasys has the capability to attract and engage the right SAP talent for your organization.

Metasys is in a unique position to help you find the right SAP talent – we pair deep capability expertise (20+ years of staffing experience) with in-depth industry expertise – a specialized recruiting team equipped with a proprietary database of over 25,000 SAP professionals. Our professionals live and breathe SAP – we are thorough, work at breakneck speed and never compromise on quality. Most importantly, we do it all at best in class cost.

The right staff can make the difference between a successful implementation and a complete failure. We've helped our clients hire complete teams and individuals to round out existing teams.

We specialize in quickly delivering top performing full-time or contract SAP professionals.

Our SAP recruiting team has diligently put together a private network of thousands of carefully screened SAP talent and we have a knowledgeable sourcing team that helps us to identify and screen even more across various categories. We have a network of talent across the following modules:

- Business Intelligence
- Customer Relationship Management
- Data Management & Landscape Transformation
- Finance and Controlling
- Human Resource Management
- Inventory and Materials Management
- Master Production Scheduling
- Material Resource Planning
- Plant Maintenance
- Production Planning
- Sales and Distribution
- System Landscape Optimization

Our value proposition is comprised of five components:

### Knowledge Base:

Our extensive work across industries and roles enables us to offer perspective on market rates for talent, adjusted for geography, seniority and industry

### Proprietary Network

We manage a private network of 25,000 world class SAP professionals

### Experienced Recruiting Team

Our recruiters have specialized expertise in SAP; we can parse the technical differentiators and nuances between SAP applications to ensure the right fit

### Rigorous Talent Acquisition Process

Our knowledge base, proprietary network and experienced recruiting team drive a rigorous flywheel; we assure best in class speed, candidate quality and cost

### White Glove Service

We are passionate about placing SAP talent; we go the extra mile and offer a variety of unbundled solutions to ensure our clients have exactly what they need

## OUR CUSTOMER IMPACT

“Eye opening approach to talent management. It wasn’t just receiving candidates – Metasys was able to find us the right fit for the right project at the right time. 100% would recommend them to other organizations.”

-Senior Vice President, Talent Acquisition at Fortune 500 Insurance Firm

## We will equip you to compete in a world that embraces the cloud

As SAP continues to penetrate the evolving IT stack of global enterprises, ensuring a pipeline of strong SAP talent will become mission critical for business success. We will work with you to find the right SAP talent for the right project at the right time.
