

MDS
Level 2 Weekly
Bootcamp
4.6.21

Profile

This 8-week hourly course will cover: MDS Competency, Assessment Scheduling (OBRA & PPS), Person-Centered Care Planning , Care Area Assessments (CAAs) and Case Mix

Recommended Audience

CEOs, COOs, Administrators, MDS Coordinators, Nurse Managers, Rehabilitation Managers, Nurses, Occupational Therapists, Physical Therapists, Speech Language Pathologists, Business Office Managers, Admissions Directors

Goals

This program will enable healthcare providers to provide quality healthcare through an understanding of MDS coding requirements and regulatory updates.

Learning Outcomes

1. The learner will be able to list the timing requirements of the OBRA assessments.
2. The learner will describe the criteria for Significant Change in Status assessment.
3. The learner will be able to articulate the process for making a MDS modification or inactivation.
4. The learner will describe the requirements of entry and discharge reporting.
5. The learner will be able to identify the RAI Process for CATs, CAAs and Care Planning.
6. Define the purpose of the Care Plan.
7. Identify the correlation between the MDS, CAAs, and the Care Plan.
