

4 MONTH ACT STUDY SCHEDULE

This 4-month study schedule is based on Olive Book’s ACT course. You can enroll in the course at www.olive-book.com.

The 4-month schedule outlines 16 weeks of ACT practice to prepare you for your first ACT test, which you will take at the end of week 16. The far-right column, labeled “Practice,” contains the practice you’re to complete by the end of each week.

Consider printing the section-specific study guides in the Test Tips & Strategies section of the course in order to note the content or question types with which you struggle. Even more tips and strategies are available on Olive Book’s [blog](#).
