

STEAM at Home Packs

STEAM at Home packs from \$15* (Available in multiples of 10)

Simple Low Cost, No Tech STEM and STEAM at Home Solution!

Take the virtual learning out of K-5 home-schooling with the STEAM at Home Pack - a low cost, hands-on learning pack with a variety of materials to build and create prototypes without the need for computers or tablets. The STEAM at Home Pack, featuring **Strawbees®**, is a back to basics educational tool designed for homes that can't always rely on the internet to facilitate distance learning.

5 STEAM example activities:

Science

Explore Insect Habitats
