

FUND-A-NEED

Your generous donation will help support Affinia Healthcare in serving those most vulnerable in our community through primary medical, dental and behavioral health care.

\$5,000 donation will support one of the following:

- Provide comprehensive medical, dental and BH health for five uninsured patients
- Purchase one set of chair-side dental hand instruments.
- Provide a full year of insulin, supplies and quarterly medical visits for one diabetic patient.

\$2,500 donation will support one of the following:

- Provide monthly behavioral health visits for one year for an uninsured child
- Provide a complete set of dentures and related visits for two uninsured adults
- Provide medical visits for 12 uninsured patients for a year

\$1,000 donation will support one of the following:

- Provide comprehensive medical and dental care for one adult patient for a year
- Provide medical visits without vaccines for one newborn for the first year
- Provide behavioral health visits for six months to a child diagnosed with Attention Deficit Disorder

\$500 donation will support one of the following:

- Dental visits for one year for a patient
- A month of opioid substance abuse treatment for a patient
- Prenatal visit with lab testing and ultrasound for one uninsured pregnant woman

\$350 donation will support one of the following:

- One month of insulin and supplies for a diabetic patient
- Hepatitis B series of vaccines for three patients
- Preventive dental visit and dental sealants for an uninsured child

\$175 donation will support one of the following:

- One medical visit for an uninsured child
- One diagnostic mental health visit for a child
- Language interpretation for two dental visits
- Asthma medication for an uninsured child for one month
- Three pairs of eyeglasses for uninsured children

\$50 donation will support one of the following:

- One podiatry visit for an uninsured patient
- PSA testing to screen for prostate cancer in 10 men
- Two prescription medications for a homeless patient
