NetSuite - Walmart
Integration App

celigo

ORACLE NETSUITE — Walmart

Prebuilt integration to automate transfer of orders, fulfillment, inventory levels, and more between NetSuite and Walmart
Comprehensive flows out-of-the-box
Automate order-to-cash across sales, orders management, fulfillment and much more

Intuitive setup without coding
Intuitive design that guides you through the process of setting up the integrations, without worrying about APIs or code
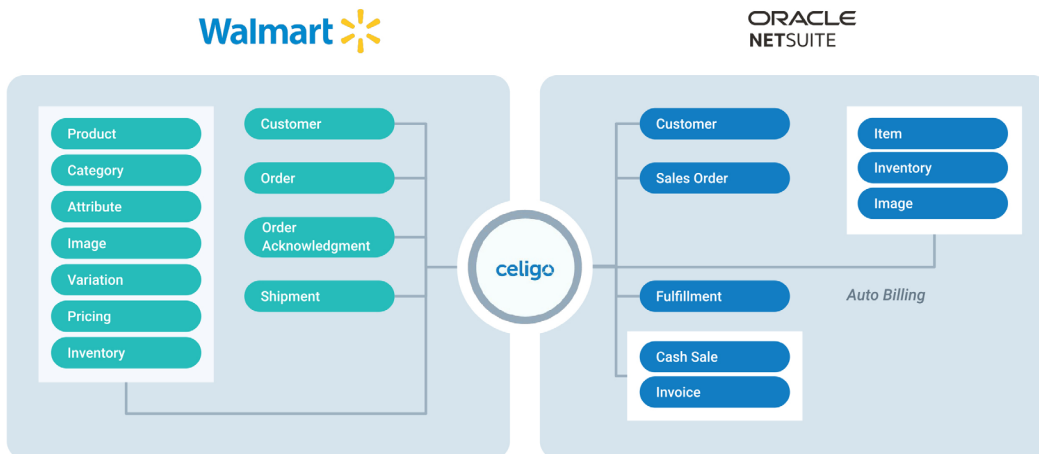

Self-service with low maintenance
Built for both IT and end-users, take control of your integrations with the Celigo standalone application

Customizable and expandable
Data integration flows can be customized and expanded with Celigo's iPaaS, without requiring technical resources

What is an Integration App?

Many other vendors offer recipes and accelerators that help connect different applications. However, **only Celigo offers Integration Apps.**

Integration Apps are fully managed, standalone SaaS applications that connect two applications. They are built on an iPaaS, which allows for a level of robustness and customization not possible with direct connections.

celigo

Built for ORACLE NETSUITE
Integrated SuiteApp

Order and Customer Sync
Synchronize customers and orders from Walmart to NetSuite to make sure orders are fulfilled at a rapid pace

Products
Sync Products, Images, Categories and Attributes from NetSuite with support for all NetSuite Item types. If Walmart Product Variations are setup as Inventory Items (non-matrix) in NetSuite, the advanced Virtual Variations feature keeps them in sync

Inventory Levels
Update inventory levels from either single or multiple warehouse locations with support for all the key NetSuite Item types (Inventory, Matrix, Kits and more)

Sales Tax Handling
Use NetSuite (SuiteTax) or Walmart sales tax reporting to calculate and report sales taxes on the NetSuite Sales Orders

Sell Globally (Add-On)
Prebuilt support for connecting multiple Walmart Marketplaces (US, UK, AU and more), Walmart Motors and more to a single NetSuite account

Built on the Modern iPaaS Platform
Fast, Scalable, Flexible

Celigo Integration Apps are built on Integrator.io, the complete and intuitive iPaaS that allows you to quickly connect NetSuite with most apps.
