STCW - Ship Security Officer. Online training

€405.00

The online course provides knowledge to the Ship Security Officer (SSO) on how to ensure and uphold the security of the ship while working closely with the Company Security Officer (CSO) and the Port Facility Security Officer (PFCO). The SSO, appointed by the company and the ship's master, will also learn how to implement the ship security plan as well as maintaining crew skills with the right training to secure a high-security level onboard.

Upon completion of the course, the SSO will hold the right skills set to act as a security officer, conducting regular inspections and modify the security plan in accordance with the maritime security level and security measurements.

Relevant for: Seafarers appointed as Ship Security Officers onboard.

Duration: This online training course can be taken at your own pace, with the possibility to enter and exit the course as often as you require. Estimated time: 5,5 hours.

Admission requirement: The seafarer must have approved seagoing service of at least 12 months and appropriate knowledge of ship operations.

Course content

The participant will learn how to:

- Maintain and supervise the implementation of a ship security plan.
- Assess security risk, threat, and vulnerability.
- Undertake regular inspections of the ship to ensure that appropriate security measures are implemented and maintained.
- Ensure that security equipment and systems, if any, are properly operated, tested, and calibrated.
- Encourage security awareness and vigilance.
- Respond to changes in the maritime security levels.

Course certificate: Upon completion of the theoretical elements of the course and approval of the report on the written assignment, a digital STCW certificate is issued by Viking Saatsea. Any questions regarding the STCW certificate should be directed to Viking Saatsea at safetyacademy@viking-life.com.

Technical requirements for online training: A stable internet connection.

All prices are excl. VAT taxes.

The course price is per trainee.

STCW - Familiarization and Security Awareness. Online training

€142.00

The online STCW Familiarization and Security Awareness course (A-VI/6-1) aims to give all seafarers training in security procedures, as well as identification of maritime security threats.

Relevant for: Seafarers employed or engaged in any capacity onboard a ship that complies with the provisions of ISPS. Seafarers of all ranks, who do not have designated security duties as detailed within the Ship Security Plan, must attend the Familiarization and Security Awareness course.

Duration: This online training course can be taken at your own pace, with the possibility to enter and exit the course as often as you require. Estimated time: 1 hour and 45 minutes.

Course content: You will learn how to:

- Contribute to the enhancement of maritime security through heightened awareness
Recognize security threats.
- Understand the need for and methods of maintaining security awareness and vigilance.

Course certificate: Upon completion of the theoretical elements of the course and approval of the report on the written assignment, a digital STCW certificate is issued by Viking Saatsea. Any questions regarding the STCW certificate should be directed to Viking Saatsea by email safetyacademy@viking-life.com.

STCW - Designated Security Duties. Online training

€198.00

The online STCW Designated Security Duties (A-VI/6-2) course aims to provide knowledge for seafarers with designated security duties. The course provides relevant training to those who have been appointed to fulfill security duties, including anti-piracy and anti armed robbery-related activities on board a ship, to increase the security and safety of the vessel whilst in port, or at sea.

Relevant for: Crew undertaking designated security duties onboard.

Duration: This online training course can be taken at your own pace, with the possibility to enter and exit the course as often as you require. Estimated time: 4 hours and 15 minutes.

Course content

You will learn how to:

- Maintain the conditions set out in a ship security plan
- Recognize security risks and threats
- Undertake regular security inspections of the ship
- Demonstrate proper usage of security equipment and systems

Course certificate: Upon completion of the theoretical elements of the course and approval of the report on the written assignment, a digital STCW certificate is issued by Viking Saatsea. Any questions regarding the STCW certificate should be directed to Viking Saatsea at safetyacademy@viking-life.com.

Technical requirements for online training: A stable internet connection.
