# CONVENIENT ONLINE PROGRAMS

## Leading Through Turbulent Times

8-WEEK ONLINE PROGRAM

### PROGRAM OVERVIEW

The eight-week Leading Through Turbulent Times program is structured around a guided cohort model consisting of paced learning modules through which participants engage in collaborative learning. Each week-long module includes two- to three-hours of self-directed learning and a one-hour synchronous capstone engagement.

### OUTCOMES

- ✓ Develop the resilience needed to handle the crisis for its duration
- ✓ Improve negotiation skills for strategic competitive advantage
- ✓ Recognize how to maintain optimism by finding ways to contribute to others
- ✓ Learn how to harness positive stress for successful outcomes

## Supply Chain Excellence

5-WEEK ONLINE PROGRAM

### PROGRAM OVERVIEW

The five-week Supply Chain Excellence program is structured around a guided cohort model consisting of paced learning modules through which participants engage in collaborative learning. Each week-long module includes two- to three-hours of self-directed learning and a one-hour synchronous capstone engagement.

### OUTCOMES

- ✓ Increase awareness of the supply chain's impact on the entire business
- ✓ Reduce inventory costs and improve forecasts
- ✓ Leverage purchasing power to improve business performance
- ✓ Manage and mitigate supply chain risks
