

# Why Buy Treloar Kamloks®?

## MILITARY SPECIFICATION

Built to military specification  
No. MIL-C-27487

## SAND CAST

For strength, durability, longer life & reliability. Can be made out of special materials on request.

## MATERIALS

Our Kamloks® are specially designed & manufactured with the highest alloys and gasket materials to endure the harshest environments.

## SPRING RING™ AVAILABLE

The patented Spring Ring™ feature ensures that the finger rings don't get trapped under the arms for a secure closure.

## EASY TO USE

Cam and groove design means smooth coupling and uncoupling.

## AUSTRALIAN MADE

Cast & machined in Treloar's Foundry & Machine shop in Rutherford NSW. Support Australian made products & Australian companies.

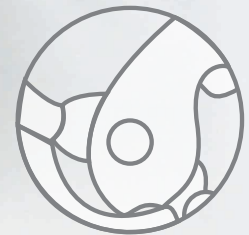

## QUALITY MANAGEMENT SYSTEM

Treloar's management system is registered to ISO 9001.

## TWIN-KAM™ ARMS

A detent position that helps prevent unintentional arm release beyond a 45° angle.

## GUARANTEED FOR LIFE

Kamlok® arms are guaranteed for life against breakage.
