**CUSTOMIZED
TRAINING FOR
THE INDIVIDUAL**

A photograph of two men on a golf course. The man on the left is wearing a red polo shirt with 'IJGA' on it and is smiling. The man on the right is wearing a grey polo shirt with 'IJGA' on it, a white cap with 'Kia' and 'Pro V1' on it, and is also smiling. They are both holding a golf club together. The background shows a golf course with trees and a blue sky with clouds.

Student-athletes at IJGA Bishops Gate don't just join a program or fit in to a system. A program is built uniquely for each individual based on their goals, aspirations, tournament schedule, strengths and identified areas of improvement.

In an effort to further promote an individualized approach, we introduced the POD coaching model. This model consists of a POD leader with extensive experience and training in junior golf development, directing a POD of senior coaches and students. The POD leader oversees all aspects of the student development from assessments, creating the student blueprint to monitoring and reporting on progress throughout the year.

We place emphasis on the strategic selection of tournaments for competitive experience and to raise our students profile for college.

4 | LOCATION

ORLANDO, FL

Orlando is one of the world's most visited family destinations, and while its illustrious themed attractions may steal the limelight, with a vibrant and well-kept city center and a climate that averages around 75° Fahrenheit (25° Celsius) for 365 days of golf, there is a surprising amount of things to experience here. Welcoming tens-of-millions of visitors per year, both Disney World and Universal Orlando pack in an entire trip's worth of fun on their own. But it would be a mistake to overlook Orlando's other activities because the rest of 'The City Beautiful' is full of similar family-friendly attractions like waterparks, giant aquariums and zoos, exciting shows, airboat tours around the swamps and plenty of golfing opportunities.

Orlando is also home to several junior tours like the FJGT, HJGT and IJGT, which makes our location very convenient for our student to play at such events.

Not to forget the numerous worldwide famous golf courses located in the Orlando area, including Arnold Palmer's Bay Hill Golf Course which hosts the Arnold Palmer Invitational every year, four Disney Golf Courses, Falcon's Fire Golf Club, Waldorf Astoria Golf Club, Celebration Golf Club, Champions Gate, Orange County National and many more.

To the left of the clubhouse, there is a large, dark blue pond. To the right, there is another pond, also dark blue. The golf course is characterized by its vibrant green fairways, sand traps, and scattered trees. A road or path runs alongside the clubhouse. The overall scene is a well-maintained and scenic golf facility.

6 | HOUSING AND STUDENT LIFE

Our students all make great sacrifices to leave their family, show courage often coming from a foreign country to study in a different language, and most have immense ambition to succeed on all fronts, as individuals, as golfers and in their studies.

Our students stay in a “home away from home” environment, generally in three-bedroom houses, with between four and six housemates.

Each campus has its own catering team, recognizing the importance of nutrition in our student-athletes. We have full housekeeping services, to ensure excellent hygienic care of living spaces. Student activities are organized, particularly during weekends, to give students opportunities for outings , shopping and fun with their friends.

Upscale, spacious, fully furnished condos.

Room with either one or two students with a maximum of six students per home.

Living room, dining room, fully-appointed kitchen and laundry room and an enclosed patio for relaxation and games.

Wireless Internet access and satellite television.

24/7 oversight by resident house parents.

Inside a private, gated community, with emphasis on security in homes and the community.

IJGA has a student life that is abundant in diversity and culture.

**PLANNING IS THE FIRST AND
MOST IMPORTANT STEP IN
COLLEGE PLACEMENT.**

Boasting a near 100% college placement rate, the IJGA approach to college preparation has proven effective time and time again. Our students have received millions of dollars in scholarships and our alumni have gone to attend schools with prestigious golf programs such as Georgia Tech, Princeton, Dartmouth, Oklahoma State University, Texas A&M, Notre Dame, Yale, University of Alabama, UCLA and Boston College. Ultimately, our students have gone on to have successful careers in the PGA, LPGA, and European Tours, with some alumni reaching the ranks of famous golfers.

CLASS OF 2019

A group of six young people, three men and three women, are walking across a lush green golf course. They are all smiling and appear to be in good spirits. The group is dressed in casual golf attire, including polo shirts, trousers, and shorts, with some wearing caps. Several of them are carrying golf bags. The background features a line of tall pine trees under a bright blue sky with scattered white clouds. The overall scene conveys a sense of camaraderie and outdoor recreation.

9 | OUTSTANDING PEER GROUP

THE CHARACTER/LEADERSHIP OF THE IJGA PEER GROUP

Character is essential to succeed in any walk of life, in business, in golf, in college and in relationships. We follow the Habitudes student athlete program, but more than that our Golf Coaches and Residential Instructors, through their example, are creating the environment for our “Peer Group” to excel.

Although our committed staff are a great influence on the students the real magic are the influences between students in what is the most essential jewel in our academy, our Peer Group. Our students all make great sacrifices to leave their family, show courage often coming from a foreign country to study in a different language, and most have immense ambition to succeed on all fronts, as individuals, as golfers and in their studies. With golf a great character building, it is hard to imagine a better peer group in any boarding institution.

We also have a Leadership program appointing students as Captains, to be role models for other students and exercise authority as leaders in our houses and our community. It has been wonderful to see how our students rise to this challenge and learn the art of Leadership, which is so much more powerful than being a Follower.
