### E911 REGISTRATION

+ ADD REGISTRATION

Enhanced 911 or E911 service is a feature of the 911 emergency-calling system that automatically associates a physical address with the calling party's telephone number.

You may test the validity of an E911 registration by dialing 9-3-3 from the phone number in question.

Multiple numbers may be assigned to one address, and one account may have any number of registered E911 numbers.

It is however a requirement that at least one number have an E911 address before a device may be registered.
