FABRIC TECHNOLOGY

Nano Fluid Repellency

A permanent fiber technology that won't wear out or wash away, it effectively repels fluids, which bead up and roll off the fabric to keep you dry and comfortable in any situation.

Nano Moisture Wicking

Engineered at the fiber level for permanent performance that lasts the life of the garment, Nano moisture wicking technology pulls fluids away from the skin and evaporates off the fabric for quick-dry comfort.

UV Protection

Excessive exposure to sunlight is harmful to you and your uniform. Our UV40+ protection offers your skin a frontline defense against the sun while also preventing the fabric from fading.

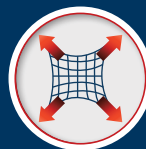

Antimicrobial

Our advanced antimicrobial technology reduces the accumulation of bacteria that cause odor to keep the fabric fresher longer and prolong the life of your uniform.

Hydrotech

The job doesn't pause for weather. This windproof, waterproof, and breathable membrane provides exceptional comfort and performance no matter the conditions.

Stretch

Made for the occupational athlete, our stretch fabric increases range of motion, agility, and comfort, allowing you to perform your daily duties at the highest possible level.

3-in-1 System

Designed for maximum versatility, our 3-in-1 system allows you to mix, match and combine outerwear options for enhanced protection and performance in any weather.

Heat Transfer

Heat transfer embellishments are available on the majority of our stock products – polos, shirts, vests, jackets, panels, and masks – customized to your requirements.

Emblem Placement

With our new automatic emblem attachment machine, emblems are placed securely and consistently every time. Each placement is laser guided to ensure the results you require.

Embroidery

Logos and text can be embroidered onto the majority of Elbeco products with consistent and professional results every time.

Tailoring and Hemming

Elbeco's team of experienced industrial sewers hem and customize garments to meet all of our customers' needs with professional and timely service.

CX360™

The ultimate performance uniform is designed to comfortably stand up to the demanding conditions of the streets and maintain a professional public image. It is all about the new, enhanced fabric—the Nanospun, 4-way stretch polyester is wrinkle-resistant, lightweight, and non-absorbent, and does not fade or shrink. Magnet cargo pocket closures allow stealth, easy access.

- Uniform Shirts and Undervest Upper: 100% Polyester with 16% 4-Way Stretch | Weight: 4.5 oz./sq. yard
- Undervest Knit Torso: 100% Featherweight Performance Polyester | Weight: 4.25 oz./sq. yard
- Pants: 100% Polyester with 16% 4-Way Stretch | Weight: 6.3 oz./sq. yard
- Permanent Nano Fluid technology allows fluids to bead up and roll off fabric, keeping you dry and comfortable
- UPF 50 protection reduces damage from the sun
- Mesh underarm vents in shirts and a gusseted crotch in pants enhance comfort and mobility
- Communication wire openings, mic loop, and multiple pockets in both shirts and pants improve functionality
- Permanent creases and concealed zipper closure in shirts and 2" stretch waistband with snap closure in pants add convenience and professionalism
- Available in Men's and Women's long and short sleeve uniform shirts; Men's and Women's long and short sleeve undervest shirts; and Men's and Women's 5-pocket, cargo, and covert cargo pants

SHIELD Duty Jacket

Get intense protection from the elements, the Shield Duty Jacket has a fully seam-sealed breathable poly RipStop shell that's wind and waterproof. The Duty Jacket is loaded with innovations for enhanced protection, performance, and comfort in any weather. 10 functional pocket storage options including 2 Concealed-Carry utility chest pockets with magnetic closures provide enhanced utility.

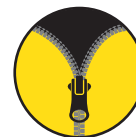

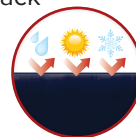

- 100% Polyester mini RipStop with windproof, waterproof, breathable, free floating Hydrotech membrane on nylon taffeta substrate | Weight: 4.0 oz./sq. yard
- "Quick Release" side zipper vents with stability tabs and adjustable snaps
- Two Concealed-Carry utility chest pockets with magnetic closures offer easy access when needed
- Three-piece waterproof hood with drawcord rolls up into zipper compartment when not in use
- Hood made for safety with cut out feature allowing peripheral vision
- Zipper track allows the Performance and Color Block Soft Shells to be zipped into the Duty Jacket
- Stealth drop-down identification panels on front and back
- Available in regular, short, long, and extra-long sizes

Pinnacle Jacket

The Pinnacle Jacket is the next evolution of the Shield Outerwear series. The breathable Nanospun 4-way stretch fabric lets out air and perspiration while the Nano fluid repellency prevents wind and water from getting in. Features include a snap-off hood and drop-down panels, adjustable cuffs, fully taped seams, and quick release side zipper vents. Also available in an undervest style.

- 100% brushed Polylux polyester Nanospun 4 way stretch technology | Weight: 4.0 oz./sq. yard
- Easy access front and back drop-down ID panels.
- The snap-off contoured hood keeps moisture and wind out while providing excellent peripheral vision.
- Waterproof front zipper provides total protection against the elements
- Dual side vents provide easy access to equipment and duty belt
- Available in regular, short, and long sizes

HiVis Safety Vest

The Shield HiVis Safety Vest provides unmatched visibility. This ANSI Certified vest is made from breathable hi-visibility mesh fabric and features 3M Scotchlite reflective striping for 360-degree day/night reflective coverage. Our innovative reflective black lettering allows the optional "Police" or "Sheriff" lettering to illuminate in even low visibility environments.

- ANSI Certified
- 100% Polyester | 3.5 oz./sq. yd
- Five-point breakaway design with hook-and-loop fasteners to prevent entanglement
- Front and back accommodate two rows of custom lettering
- Microphone tabs/pen pocket on upper chest
- Available in plain, POLICE, and SHERIFF styles

HiVis Parka

HiVis

PAGE 29

Our Shield HiVis Parka, ANSI Certified outerwear system, allows you to be seen in any weather or light. Includes heat-sealed 3M patterned reflective striping. Featuring a wind- and waterproof Hydrotech membrane, extra-long back, and three-piece waterproof hood.

- ANSI Certified
- 100% Polyester Oxford bonded with protective coating and waterproof, windproof, breathable Hydrotech membrane on Nylon Taffeta Substrate | Weight: 6.0 oz./sq. yard
- Zipper track accommodates Performance soft shells
- 7 functional pockets including magnet closures offer generous storage and utility
- Articulated elbows and adjustable hook-and-loop storm cuffs offer enhanced agility and range of motion
- Available in regular, short, and long sizes

Fit Guide External Vest Carrier V4

(V4110B, V4112B, and V4114B)

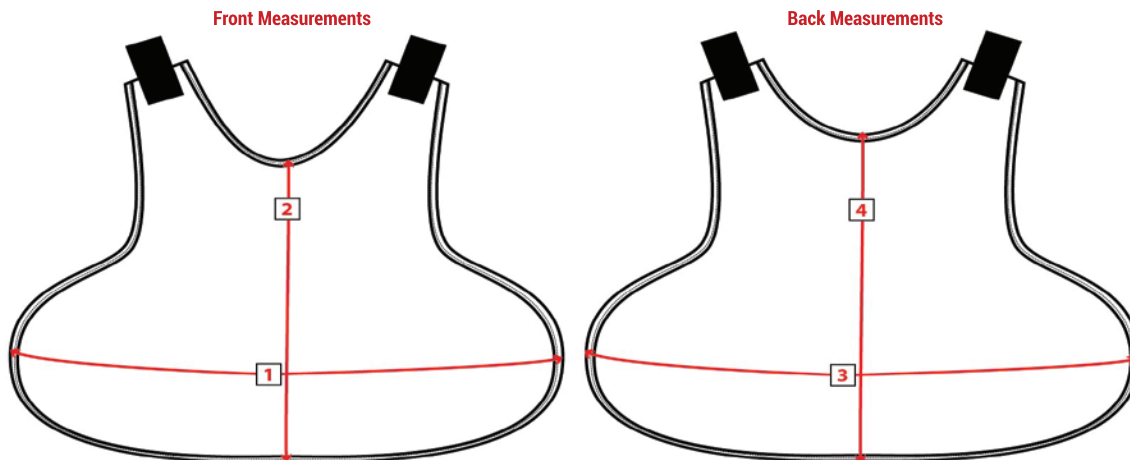

This document is meant to be used as a guide in determining suitable size options available & should not replace an actual garment fitting. Upon receipt of the garment, we recommend that it be tried on by the intended wearer to ensure proper fit prior to making any alterations.

We recommend the following in order to determine the most suitable size option:

Keep the ballistic panels inside the panel carrier when measuring.

Measure the full amount of both the ballistic panels and the excess fabric bulk created by the panel carrier.

HOW TO MEASURE

1	Front Panel Width	With cloth tape measure, measure the ballistic carrier at the widest point of the body of the front panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
2	Front Panel Height	With cloth tape measure, measure the front height of the ballistic carrier from the center front neckline to the waistline.
3	Back Panel Width	With cloth tape measure, measure the ballistic carrier at the widest point of the body of the back panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
4	Back Panel Height	With cloth tape measure, measure the back height of the ballistic carrier from the center back neckline to the waistline.

FIT GUIDE BASED ON BALLISTIC CARRIER MEASUREMENTS

		Height	XS	S	M	L	XL	2XL	3XL	4XL	5XL	6XL
1	Front Panel Width	Short		19	21	23						
		Regular	19	21	23	25	27	29	31	33		
		Long		22	24	26	28	30	32	34	36	
		X-Long				27	29	31	33	35	37	39
