BodyShield External Vest Carrier V4

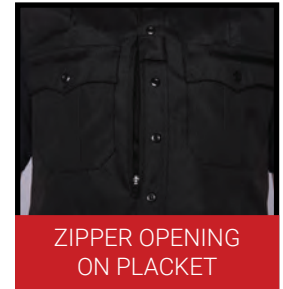

Features:

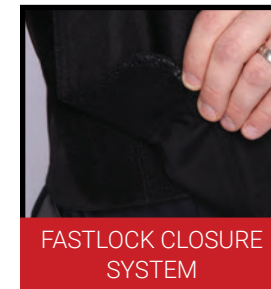

- Addition of a 2" knit elastic extension to the end of each front side panel, providing extra range of motion while relieving direct stress on the FastLock closure
- Reinforced FastLock side closure system provides the option for a tighter fit
- Reduced the back panel by 3" to minimize the increase in the waistband circumference to ensure consistent sizing
- Stealth stretch cummerbund zippered waist closure
- Large hidden document pocket extends the width of the chest, with larger zipper closure and dual pass-through to access the ballistic cover
- Zipper opening on placket with camera mount tab on front placket
- Dual access front chest pockets with back bellows and FastLock fasteners
- Factory certified, designed to house any body armor manufacturer's vest in its existing concealable carrier
