

ByrneLooby demand the highest standards of Quality to realise our Vision, our Values and The ByrneLooby Way.

Our Vision:

"To be recognised by our staff, clients and peers as an experienced engineering services company, delivering high quality timely service, technical expertise and innovative solutions tailored for our customer whilst creating a great place to work where our people can express their talents, grow and develop"

ByrneLooby Core Values:

Our values are at the heart of everything. These four values describe the principles that distinguish the ByrneLooby culture. Living our values enables us to carefully consider the interests of all of our stakeholders.

Our Values:

- Respect
- Integrity
- Commitment
- Excellence

ByrneLooby management and employees are accountable for implementing and embedding this policy throughout our business in all operating jurisdictions.

Quality Policy

At ByrneLooby we are committed to the highest levels of quality in everything we do in support of our absolute focus on technical excellence, commitment to clients and investing in our people, which together constitute 'The ByrneLooby Way'.

We take a partnership approach with all stakeholders, and our quality strategy is aimed at ensuring integrity through all aspects of our Services.

We will achieve this by:

- Continually improving the effectiveness of all our systems
- Complying, at all times, with the requirements of our clients, the ISO 9001 standard and applicable regulatory requirements
- Setting meaningful and challenging objectives for the company and for our employees
- Providing professional, specialist and competent resources augmented by appropriate training through investing in our people development
- Monitoring our performance and progress within an Integrated Management System
