

BYRNELOOBY

TerraConsult
A BYRNELOOBY COMPANY

OUR NAME IS
CHANGING TO
BYRNELOOBY

THANK YOU FOR YOUR SUPPORT

WE LOOK FORWARD TO THE FUTURE

Effective from 1st July 2021, TerraConsult will be changing its name to ByrneLooby

I am delighted to inform you about an exciting development at TerraConsult. From Thursday, 1st of July 2021, our company TerraConsult will rebrand to **ByrneLooby**. ByrneLooby is an award-winning, international firm of consulting engineers and project managers with 16 interconnected offices throughout the UK, Ireland and the Middle East.

We will continue to provide the same services, by the same people as before. However, our transition to ByrneLooby brings clarity to the much-enhanced capabilities and expertise we now offer across ten key sectors:

- Waste Management
- Environment
- Geoscience
- Energy
- Water
- Flooding
- Buildings
- Conservation
- Transportation
- Marine and Coastal

Our engineers and scientists are part of a connected network of 250 professionals, many of whom are recognised leaders in their fields, providing economical, sustainable and innovative solutions for our clients.

We are grateful to everyone who has supported us over the past two decades. Our teams remain committed and focused on delivering value-driven results for our projects and clients.

We look forward to working with you in the future as ByrneLooby.

Warmest regards,

John Martin & Team

The image shows five handwritten signatures in blue ink, arranged horizontally. From left to right, they are: 'j. martin', 'J. Ball', 'John Addi', a stylized signature, and 'B. Ball'.

BL **Expanded Services and Capabilities:** We have deepened and expanded our competencies, increased our services and have access to increased resources with our 250+ engineering professional network. Our much-enhanced service offering is across ten core sectors; waste management, environmental, geoscience, energy, water, flooding, buildings, conservation, transportation, and marine and coastal.

 **Combining Local Relationships and Presence with Global Best Practice:** We have 8 offices in the UK, 5 in Ireland and 3 in the Middle East. Our local presence helps us nurture local relationships with local authorities and stakeholders. We encourage collaboration and sharing global best practice across our teams and offices to provide innovative award-winning solutions for clients and projects.

 **A Growing International Reputation:** Our reputation in public infrastructure and private commercial and industrial projects continues to grow in the UK, Ireland and the Middle East. Clients continue to place their trust in us, based on the valuable, practical solutions we provide.
