ABA Winter Holiday Visual Travel Schedule

Traveling this winter with a child on the autism spectrum? Put together a visual travel schedule together to help them understand each stage of the journey. It's a fun project to share! You can add pictures, write details, and make your own unique visual schedule for your trip.

We have an example filled out below to get you started, and a blank page for your own version. Enjoy!

Day 1: Christmas Eve Drive to Grandma's House in Portland, OR

First: Car ride for about
2 hours with Mom

Then: Stop at Uncle Sean's
and pick up family

Then: Arrive at Grandma's
house within about 1 hour

Day 1: Christmas Eve: People We Will See, Places We Will Go

Uncle Sean & Cousin Kara
