

the EQUIPMENT & CLOTHING GUIDE

Packing can be something your family may want to put off until the last minute or it's something you and your family are eager to do. Whether you are packing weeks in advance or you're packing a few days before camp, it's important to have a packing list so you and your family don't forget the essentials. That's why we have compiled a detailed list of the clothing and equipment for your family to pack.

Please remember to not over-pack! Your family does not need more than what's recommended, and storage space is limited. Each bed has a large drawer under it as well as under-bed storage space for shoes, etc. There are also two hanging rods in your wagon and a cubby in the bathhouse. In your wagon, there is limited to no extra space.

LET'S START WITH SOME PACKING TIPS & TRICKS

Print Out and Use this Packing List! This seems obvious, but it's fundamental to your packing success. We have specific requirements and have spent time carefully creating a list of appropriate and necessary items for your family's comfort and our activities. Review this list early to see if there is anything you need to order ahead of time. You will get your family off to a great start by making sure they have everything they need. The list also includes items NOT to bring to camp.

Pick Your Perfect Bag. Before you start packing, you'll need to identify which type of bag is best for your family. We recommend **big duffel bags**. Within the duffel bag, you can invent your own ways to organize things. Large zip lock bags work well for things like underwear, socks and toiletries. If you want to go the expensive route, you can buy nylon stuff sacks in lots of different colors and sizes from camping suppliers. We ask that your family **does not bring trunks or big plastic tubs** unless you store them in your personal vehicle. They are harder to move and often do not fit in our wagons.

Have Your Campers Do Most of the Work. It's important for youth to feel empowered and responsible for their own belongings before they leave for camp. Learning to keep track of their stuff is one way kids grow from their camp experience. So, whether it's laying out items on the packing list, labeling things, or packing, let your camper lead the way.

Dress Responsibly. Don't pack for the worst-case scenario; Pack for the best-case scenario. You should pack to be prepared for anything.

Don't Bring the Best. Camp is a great place to wear older, yet durable clothing! Please do not send them off to camp with their best or most expensive clothes and brand new shoes. They may not come back in that same condition and often gear needs to be broken in before being used. **Don't own "old" clothes?** Try going to a used clothing store, a garage sale, or local thrift shop. It is NOT our intent to require parents to have to buy unnecessary or expensive equipment and clothing. If needed, good sources for camp clothing and gear include REI (Outlet)[®], Dick's Sporting Goods[®], LL Bean[™], Patagonia (Worn Wear)[®], Backcountry[®], Moosejaw[®], Eastern Mountain Sports[™], Sierra[®], Slim Pickins Outfitters, and other outdoor stores.

NAME TAPES & LABELS

All clothing and possessions, including gear, footwear, and toiletries, should be labeled with your **first and last name**.

Labeling clothes and personal items with initials or just first names is not sufficient as people share initials and have the same first name.

Please remember, **you will misplace clothing and equipment**. Labeling is vital to the success of returning items when they are lost.

PACKING LIST: GEAR & CLOTHING

Being thorough while packing will only enhance your experience while at camp. You are not limited to what is on this list; however, there are a few items to leave at home that you will see at the bottom of this list. There are reasons for why we ask you to bring certain items and reasons to leave certain items at home. Remember, at the end of the day, **you are responsible for everything you bring to camp!**

LAUNDRY

During Family Camp, laundry is **NOT** available. Quantities of clothing listed are sufficient to last the week of camp. Remember, **campers misplace clothing and equipment**. Be sure that everything is labeled (either sewn, iron-on, Sharpie®, stamp, or sticker) with your full name. We prefer Sharpie® or sewn labels.

DRESS CODE PHILOSOPHY

During your summer at Cheley Colorado Camps, we want you to have the best experience possible! By planning ahead and packing appropriately, you will be contributing to a positive Cheley Experience; therefore, our dress code reflects **practicality** and **the values of camp**. It is written in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size and shall be enforced consistently.

- All campers and staff should be able to dress comfortably for camp and engage in the camp environment without fear of or actual unnecessary discipline or body shaming
- All campers and staff should understand that they are responsible for managing their own appearance without regulating another individual's clothing/self-expression.
- All campers and staff should be able to use body-positive language.

We expect all campers, staff, *and visitors* will dress in a way that is appropriate for camp. Dress choices should respect Cheley's intent to sustain a community that is inclusive of a diverse range of identities. We are responsible for seeing that attire does not interfere with the health and wellbeing of any individual at Cheley nor contribute to a hostile or intimidating atmosphere for anyone.
