

AD083 AGROWDRILL

FOR
SMALL FARMS
AND
HIGH STANDARDS

AGROWPLOW®

JUST BECAUSE YOU RUN A SMALL FARM DOESN'T MEAN YOU NEED TO SETTLE FOR LESS. THE **AD083 AGROWDRILL** IS A SMALL MACHINE THAT DELIVERS BIG RESULTS

At Agrowprow we don't compromise. Even though the AD083 is the smallest of our seed drills our goal remains the same: to design and build robust, dependable seed drills that handle Australia's tough conditions.

The AD083 features all the innovations you've come to expect from Agrowprow in a nimble machine that can be easily maneuvered. It is available with either a high strength coil tyne or double disc unit for maximum penetration and trash clearance and it features the 100x100x6mm RHS steel frame that makes Agrowdrills among the strongest available in Australia.

With the reliability Agrowprow is known for and features to match, the AD083 is for small farms and high standards.

STRENGTH WHEN YOU NEED IT

The AD083 features Agrowplow's proven coil tyne and Baker Boot to maximise crop potential and it's built on the same sturdy frame as the larger drills to ensure it has the strength to penetrate hard, dry soils.

SIMPLE CALIBRATION

Say goodbye to buckets under the tynes. The AD083's calibration tray can be quickly deployed to make measuring seed output simple and easy. And with infinite sowing rate adjustment, you set the AD083 for optimal crop emergence.

DESIGNED FOR VERSATILITY

The AD083 is both versatile and simple to use. The double fluted roller makes it equally capable of planting summer crops, legumes, and for pasture renovation, and it's available in multiple configurations to suit your needs.

OPTIONS

- Acre meter
- Rear Tow Hitch
- Rubber tyred roller
- Flexiroller
- Harrows

SPECIFICATIONS

RANGE	10 Row	11 Row	18 Row	17 Row
Undercarriage	425 Coil Tyne with Baker Boot	401 Double Disc Unit with 16" discs	425 Coil Tyne with Baker Boot	401 Double Disc Unit with 16" discs
Tyne Spacing	175mm	159mm	150mm	159mm
Working Width	1.75m		2.7m	
Transport Width	2m		2.95m	
Hopper Capacity	245L		407L	
Tyre Size	195R14			
Active Toolbars	3	2	3	2
Toolbar Spacings	450mm			
Under Frame Clearance	620mm			
Drawbar Power	60-80hp		80-100hp
