

## **Onevinn AB End-User License Agreement, EULA**

This End-User License Agreement (EULA) is a legal agreement between you (either as an individual or on behalf of an entity) and Onevinn AB regarding your use of Onevinn developed applications and associated documentation (the "Software"). IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THIS EULA, DO NOT INSTALL, USE OR COPY THE SOFTWARE.

### **Summary**

You must agree to all of the terms of this EULA to use this Software. If so, you may use the Software for free and for any lawful purpose. This Software is provided "as-is" with no warranties, and you agree that Onevinn is not liable for anything you do with it. You really ought to just go ahead and read the whole EULA. It's not all that long. You should not only rely on this summary.

### **The Agreement**

By downloading, installing, using, or copying the Software, you accept and agree to be bound by the terms of this EULA. If you do not agree to all of the terms of this EULA, you may not download, install, use or copy the Software.

### **The License**

This EULA entitles you to install as many copies of the Software as you want, and use the Software for any lawful purpose consistent with this EULA. Your license to use the Software is expressly conditioned upon your agreement to all of the terms of this EULA. This software is licensed, not sold. Onevinn reserves all other rights not granted by this EULA.

### **The Restrictions**

When using the Software you must use it in a manner that complies with the applicable laws in the jurisdiction(s) in which you use the Software. You may not sell, resell, rent, lease or exchange the Software for anything of value. You may redistribute the software, but it must include this EULA and you may not repackage or bundle the Software with any other software. You may not remove or alter any proprietary notices or marks on the Software.

### **Privacy Notices**

Anonymized Usage Data. Onevinn does not collect data about your usage of the Software.

### **Open-Source Notices**

Certain components of the Software may be subject to open-source software licenses ("Open-Source Components"), which means any software license approved as open-source licenses by the Open Source Initiative or any substantially similar licenses, including without limitation any license that, as a condition of distribution of the software licensed under such license, requires that the distributor make the software available in source code format. The Software documentation includes copies of the licenses applicable to the Open-Source Components.

To the extent there is conflict between the license terms covering the Open-Source Components and this EULA, the terms of such licenses will apply in lieu of the terms of this EULA. To the extent the terms of the licenses applicable to Open-Source Components prohibit any of the restrictions in this Agreement with respect to such Open-Source Component, such restrictions will not apply to such Open-Source Component. To the extent the terms of the licenses applicable to Open-Source Components require Licensor to make an offer to provide source code in connection with the Product, such offer is hereby made, and you may exercise it by contacting [info@onevinn.se](mailto:info@onevinn.se)

### **Intellectual Property Notices**
