

Riverside Insights® is pleased to announce that the third edition of the well-respected, and widely used Battelle Developmental Inventory™ is now available! While the BDI-3™ shares commonalities with its predecessor, BDI-2®, this latest edition includes components and on-line subscription services designed to meet our more digitally focused world.

### Why Changing To On-line Subscription Services?

We understand that change can be challenging at first, but things do become easier. The new BDI-3 Subscription is just that and makes using, administering, scoring and reporting that much easier! No reason not to give change a try!

- Lower up-front purchase costs and predictable budgeting for following years
- Access to web-based *Riverside Score*™ platform includes on-line scoring & reporting
- On-line & Off-line access to BDI-3 Mobile Data Solution for each examiner
- Continuous on-going product updates – will always have the most current features
- Less chance of calculation errors and on-line guided basal and ceiling rules
- (25) additional electronic records forms applied to your platform at every renewal

### What's New to BDI-3?

- New 2019/2020 norms and updated items
- New Battelle Early Academic Survey with early literacy and mathematics domains
  - Starting as early as 3 years 6 months
- Scoring and reporting via the new web-based *Riverside Score* platform
- No extra charge to administer via BDI-3 Mobile Data Solution - both on-line or off-line

### How Are We Billed For Our Subscription?

- Subscriptions are billed annually 1 year after initial purchase

**Riverside  
Score**

Welcome to the Clinical Platform - Enterprise Suite. You now have access to the newest, trusted, and ground-breaking leader in individually administered assessments. Select a product to continue.

Image above is a screenshot of the new *Riverside Score* on-line landing page providing access to all clinical assessments associated within your platform.
