

# Costpoint Human Capital Management

Costpoint’s Human Capital Management solution helps government contractors manage people, projects, finance, and resources within one powerful platform. Meet the challenge of administering and managing HR, benefits and payroll while remaining compliant and lessening the burden on your internal resources. Deltek’s integrated solution also includes Talent Management to help you attract, acquire, develop, and retain the top talent you need to deliver successful projects.

## Benefits Include:

**Stay Compliant** – Effectively navigate federal, state and local HR requirements to avoid fines and potential harm to your organization’s reputation.

**Workforce Optimization** – Manage and analyze all HR data while strategically acquiring, developing and retaining top talent to drive project success.

**Integrate for Efficiency** – Connect all areas of your ERP to gain strategic insights and improve operational decisions and performance management.

## Features include:

**Modernized Talent Management**

**Effective Payroll Management**

**Self-Service**

**Visibilty & Control**

**Oversee Time & Leave**

**Aligned Resources**
